

EGYPT ASKS RUSSIANS TO AID U.S. to Oppose New Forces in Middle East

SECOND ANNUAL FOUNDER'S DAY party sponsored by the Palm Springs Historical Society will be held at Tamarisk Park Sunday, starting at noon with a picnic. One of the highlights will be the appearance of the Palm Springs Debs of the Chamber of Commerce, together with the Debs of years gone by. They are, pictured above, the Debs of 1977, front to back, Henrietta Parker, Dottie Stein, Lillie

Goff, Rose McKinney, Rea Vedosics, Agnete Howell, Zaddie Bunker and Sallie Nichols. The Debs of 1956 are, front to back, Janice Sakofsky, Wendy Hammond, Nanci Gardner, Robin Anderson, Jean Morrison, Doris Wood, Linda Boyle and Denny Bogert. Teaching the Debs the dance routines of their various times are (center) Melba Bennett (left) and Mary Jane Hicks. (Desert Sun Photo)

Realty Board To Hear Plans For Building

Prospects for construction of a Realty Board building here will be explained to the membership of the Palm Springs Real Estate Board at the regular business meeting at 7:30 p.m., Thursday, at the American Legion hall.

Speaker will be Ben H. Lewis, president of Land Title Co. Theresa Press, president, in announcing the meeting, said that the board received its charter on Jan. 6, 1934, and that the goal of the membership should be the celebration of the 25th anniversary of the group in its "own building."

SHE POINTED OUT that there now are 163 members in the local board, and that "if little boards throughout the State of California—boards which do not boast of wealth as the Palm Springs Board does—can afford to own their own building, surely we can."

Other items on the agenda will be:

A board of directors report on a proposed increase in membership dues.

An amendment to the by-laws providing for one year provisional membership prior to becoming a permanent member.

A report by Muriel Fulton, chairman of legislation and taxation, on the tax situation.

Reports by committee chairmen.

Report Summerfield Condition Excellent

ANN ARBOR, Mich., (AP)—Postmaster General Arthur E. Summerfield was reported in "excellent condition" today at the University of Michigan Hospital.

Summerfield underwent minor throat surgery earlier this week.

Mamie Looks Younger Than Ever on Her 60th Birthday

By PATRICIA WIGGINS

United Press Staff Correspondent

WASHINGTON (AP)—Mamie Eisenhower celebrated her 60th birthday anniversary today looking younger than when she became first lady four years ago.

Despite her love for her Gettysburg, Pa., farm, White House life obviously agrees with the better half of the "Ike and Mamie" team.

Mrs. Eisenhower currently has few official functions on her calendar. She is resting from the campaign and election and gathering energy for coming holiday and inaugural festivities.

CAPACITY AUDIENCE TO HEAR WORK ACT DEBATE

A capacity audience is expected to crowd into the city council chamber tonight in anticipation of the passage of the controversial "Right to Work" law.

It is expected to be brought to a vote, and council will probably be divided in its opinion.

This will be the second time that the proposed ordinance will have attracted a large crowd. At the last meeting in October, council forestalled comment by tabling the measure without discussion.

At that time, council also was divided in its vote, with Jerry Nathanson and Leonard Wolf dissenting from the majority opinion. The city's governing body also had one dissenter, Wolf, when the law was introduced.

Ask Abolishment Of Death Penalty

SAN FRANCISCO (AP)—A group of public officials, led by Atty. Gen. Edmund G. Brown, believes the death penalty in California should be abolished.

Brown and his colleagues expressed this view Tuesday at a hearing of the Assembly Judiciary Subcommittee on Capital Punishment. Chairman is Assemblyman Lester A. McMillan D-Los Angeles.

The only official favoring the death penalty was Dist. Atty. Thomas C. Lynch, San Francisco. He pointed out that in recent years there has been a feeling that additional kinds of crime should be subject to the death penalty. Among them, he said, are kidnapping and narcotics peddling.

Brown urged at least a five-year moratorium of capital punishment while the whole subject is studied. He indicated such a study would lead to eventual abolition of the death penalty.

Seek Permit For Substation On Alejo Road

City council tonight will be asked to grant a conditional use permit to Cal Electric for the temporary construction of an emergency unit substation on the city's unused right-of-way next to Alejo Road, 40 feet east of Sunrise Way.

A decision is expected, for council members were warned at their preliminary luncheon meeting Tuesday by Francis Crocker, Cal Electric district manager, that unless immediate action is taken, the northeast part of the Village may suffer measurably from a shortage of electricity.

The request is to erect the temporary station for only six months, until a permanent location can be decided.

The electric company is at the present time before the Planning Commission with an application for a conditional use permit to construct a power substation about 162 feet from Sunrise, at the intersection of Tamarisk Road. The commission has three times deferred the request to following meetings.

Opposition to the request has been heavy, with residents of the particular area appearing at the hearings before the commission and asking for denial of the application. Opposition is being formally led by Palm Springs attorney Jerome Richardson, who is also a property owner in the area.

If Cal Electric's request for the emergency station is approved by the council tonight, it is still up to the city's planners to make a decision on the permanent installation.

The commission will hold its next meeting Nov. 21.

Bullets Don't Fit

DETROIT (AP)—A thief stole two pistols, 7,150 rounds of ammunition, five bells of machine gun bullets and 10 cans of gunpowder Tuesday from Charles Muhoney. Muhoney said none of the bullets will fit the stolen pistols.

Nixon in Florida to Rest After Campaign

MIAMI (AP)—Vice President Richard M. Nixon relaxed in Florida today from the rigors of the election campaign.

Nixon arrived Tuesday for a week or 10 days of "just plain relaxing" as the guest of long-time personal friend C. G. Robozzo of Key Biscayne. Mrs. Nixon and the vice president's two children plan to join him shortly.

The Ezra Bensons

WASHINGTON (AP)—Secretary of Agriculture and Mrs. Ezra T. Benson announced the birth today of a new granddaughter.

They said they hope the baby, born to their eldest daughter, Mrs. Barbara Walker, Calgary, Canada, was born on Mrs. Eisenhower's 60th birthday.

Forgot to Take Lens

SOMERVILLE, N. J., (AP)—The thief who stole a \$600 metallurgical microscope from the Radio Corp. of America plant near here forgot to take the special lenses needed to use it, a spokesman said today.

New Sign Act Comes Up for Action Tonight

Long Agenda For Council On Two Controversial Acts

A long and important agenda will face the city council tonight, with the spotlight being focused on two ordinances before the governing body.

Aside from action on the controversial Right-to-Work ordinance, the city administration will ask the council for "urgency" passage of the new sign ordinance.

THE SIGN ORDINANCE, which has been discussed in great detail by special citizen committees, city administrators and councilmen, is being rushed into law to allow the building department the advantage of using the ordinance as new construction starts in the Village this winter.

Under resolutions to be handled at tonight's meeting, the council will decide on its liquor license policy, protest the name "Palm Springs Suburban Corporation," presently being used by a group of Cabazon businessmen; and will designate City Manager R. W. Peterson as the person to sign for surplus federal property, which is used for Civilian Defense.

THREE ORDINANCES will be introduced at tonight's meeting, the building code amendment which defines the code, retirement plan ordinance, and a parking meter ordinance amendment.

Other business before the council tonight will include the purchasing of three police cars, a discussion of relocation of crosswalks and loading zones for the Dunes and Chi Chi restaurants, a business license waiver for Christmas tree sales by the Junior Chamber of Commerce, and appointments to the Off-Street Parking Committee. Tonight's meeting starts at 8 at the city council chambers.

Russia Asked For Volunteers To Aid Egypt

Plea for Help Adds To Worsening Crisis In Mideast Today

By DANIEL F. GILMORE

United Press Staff Correspondent

LONDON (AP)—The Egyptian government has asked Russia to dispatch "volunteer" forces to Egypt immediately, a Moscow dispatch reported today.

It was a grave, new development in the Mideast crisis and took on added significance because the brief Moscow dispatch cleared the strict Moscow censorship. The dispatch was attributed to Arab sources in Moscow.

THE MIDDLE EAST was the subject of anxious conferences in London, Paris, Washington and the United Nations.

In Washington, President Eisenhower pledged continued U. S. support of the United Nations and said the United States would continue, through the United Nations, to oppose the introduction of any new forces in the Middle East.

He urged caution in all public statements.

For the hard-pressed United Nations it could mean an immediate moment of decision. A U. N. police force pledged to restore peace to the Middle East was building up slowly today in the Naples, Italy, staging area but it could not move pending final agreement among the powers involved.

MEANWHILE, French, British and Israeli troops faced Egyptians in the Port Said area of the Suez Canal Zone and in the Sinai Desert within rifle shot of each other under an uneasy cease fire.

The Arab sources in Moscow said the Egyptian request for volunteers had been made through the Egyptian Embassy.

President Scores Russia for Use of Force in Hungary

WASHINGTON (AP)—President Eisenhower today denounced Russia's use of force in Hungary as contrary to all concepts of right and justice in the world.

Mr. Eisenhower told a news conference that the hearts of the American people have gone out to Hungary in its hour of trouble.

Nothing has so disturbed the American people, he said, as the events in Hungary where Russian troops have bloodily repressed a freedom revolt.

The President said the United States has never advocated open rebellion of a population against a force which was bound to prevail. This would only bring about disaster to our friends, he said.

But he said the United States will keep up its campaign of trying to keep hopes of freedom alive in satellite countries. Further, he said, it will never make what he called the terrible mistake of accepting the enslavement of Eastern European nations as a permanent feature.

U.S. to Stand Firmly Back Of UN Action

President Stresses Opposition of U. S. To Mideast Force

By MERRIMAN SMITH

United Press White House Writer

WASHINGTON (AP)—President Eisenhower said today the United States would continue to oppose, through the United Nations, the introduction of any new forces in the Middle East.

Mr. Eisenhower made the statement at a news conference at which he took a cautious attitude toward reports of possible movement of Soviet "volunteers" into the strife-torn Middle East.

The President also vehemently denounced the use of Russian force in Poland and Hungary as negating all concepts of justice in the world.

IF SOVIET and Red Chinese volunteers go into Egypt as threatened, the President said the United States would not make any unilateral determination of the action. The United States would continue to support the United Nations in opposing the introduction of any new force, he said.

He said this covers munitions as well as troops.

In extensive questioning about the prospect of Chinese and Russian volunteers going into the Middle East, the President called for caution in all public statements lest delicate U. N. negotiations be upset in any way.

HE SAID HE DID NOT intend to say at this point, that the United States would make a unilateral determination of what constituted offense in the Middle East, but he pledged as he has several times before, full U. S. support for U. N. actions in the matter.

Asked what form U. S. opposition to the introduction of any armed forces into the flaming Middle East might take beyond subscribing to the resolutions of the United Nations, Mr. Eisenhower said slowly and reflectively that this would depend on what the United Nations did in the matter.

OTHER HIGHLIGHTS of Mr. Eisenhower's first news conference since Oct. 11:

1. He said that as a result of the Democrats again winning the House and Senate in last Tuesday's election, there has to be some change brought about in the public conception of what the Republican party represents.

2. He said he intends to work during the next four years industriously and incessantly to sell his concept of modern Republicanism.

3. Although the voters decided to continue a split government, See PRESIDENT, Page 4

Fleet Leaves for Duty in Pacific

SAN DIEGO (AP)—Two aircraft carriers, a cruiser and 20 destroyers steamed out of three Pacific Coast ports Tuesday for emergency deployment in the Pacific.

First Fleet headquarters here said the carriers USS Yorktown and Shangri-La left San Francisco and loading planes at Alameda Naval Air Station. The Cruiser USS Helena left Long Beach. It was accompanied by Destroyer Divisions 31, 32 and 91.

Ike Relaxes With 18 Holes of Golf

WASHINGTON (AP)—President Eisenhower took advantage of cool but sunny fall weather Tuesday to play 18 holes of golf at Burning Tree Club in nearby Maryland.

County Cities to Talk Sales Tax

Proposed county sales tax for unincorporated areas is expected to be the chief topic of discussion of representatives of the Riverside County League of Cities when they hold their regular meeting at 7:30 p.m., Thursday, at Deep Well Inn.

All cities in the county are expected to be represented.

Ingrid Bergman Condition 'Good'

PARIS (AP)—Ingrid Bergman underwent an emergency appendicitis operation early today. Hospital authorities reported she was in good condition.

A spokesman for the American Hospital in suburban Neuilly said the 41-year-old Swedish actress was resting comfortably.

Leg-Smashing Riots Renewed

ATLANTA (AP)—Prison officials today urged shifting of hardened criminals from barracks to new individual cells to end an outbreak of leg-smashing riots at Georgia's rock quarry prison.

The latest incident occurred Monday when five convicts at the Buford, Ga., prison attempted to smash their leg bones with sledgehammers. Two succeeded before guards could stop them. The other three slightly injured themselves.

Such concerted action can be plotted easily by prisoners who are free to gather in their barracks, particularly on weekends, J. B. Hatchett, assistant state prisons director, said.

THE WEATHER

Desert area forecast: Variable cloudiness today but mostly sunny today and Thursday. Strong gusty winds reaching 20-35 miles an hour at times. Cooler today with highs 60-70 upper valleys, 70-80 lower valleys. Cooler most sections tonight.

High here yesterday was 84, and low was 47.

Shakey Truce in Suez Area Now Getting Shakier

UNITED NATIONS, N. Y. (AP)—Britain, France and Israel balked today at Egypt's demand for a virtual veto over the activities of a United Nations Mideast police force. The shaky truce was getting shakier.

Canadian soldiers joined Colombian, Danish and Norwegian troops today at the U. N. staging area outside Naples, Italy, but "technical" reasons again postponed their take-off for the Middle East on their peace-keeping mission.

Informed sources believed the U. N. force would have to stay in Naples until U. N. Secretary General Dag Hammarskjold flew to Cairo and talked with Egyptian President Gamal Abdel Nasser over the conditions Egypt has laid down for the force's activities.

Hammarskjold was to have flown to Rome Tuesday night but postponed the trip for urgent conferences with Hungarian Foreign Minister Imre Horvath on the need for relief in revolt-stricken Hungary.

Hammarskjold may leave today—but for Budapest instead of Egypt.

Tension in the Middle East itself increased with Israeli reports that Arab "kill or die" commands Fedayeen had resumed raids on Israeli territory from the Jordan and Syrian borders.

IN POLICE'S BACKYARD

LOS ANGELES (AP)—A bandit robbed a Japanese import and curio store Tuesday directly across the street from the city's new police building which houses 1,500 policemen.

Late News Bulletins

UNITED NATIONS, N. Y. (AP)—U. N. Secretary general Dag Hammarskjold signalled the U. N. Middle East police force today to "start moving" into Egypt from the staging area in Italy. Hammarskjold himself booked passage on a 2 p.m. PST plane from Idlewild airport to go to Rome and from there to Naples and then Cairo to supervise the initial operations of the force.

NEW YORK UP—News the United Nations had ordered its Middle East police force to begin moving into Egypt touched off a strong rally on the stock market late today.

International oils and steels helped pace the advance, which sharply reduced losses running to more than 3 points.

DOW-JONES Final Stock Averages: 30 industrials 482.26, off 4.33; 20 railroads 157.00, off 1.11; 15 utilities 67.12, off 0.05, and 65 stocks 170.87, off 1.18.

Sales today were about 2,290,000 shares compared with 2,140,000 shares Tuesday.

Non-Dieting Diva Defends Stylist

By GAY PAULEY
United Press Staff Correspondent
NEW YORK — Fedora Barbieri, a diva who doesn't diet, today defended the stylish stout-in or out of opera.

The Italian-born prima donna, one of the Metropolitan's leading mezzo-sopranos, said opera is suffering from hunger pangs — too many singers have dieted to the damage of their diaphragms.

"This stress on being skinny is ruining voices," said the 34-year-old singer who is frankly plump and thinks more women everywhere should join her in the down-with-starvation stand.

"If being thin is necessary for your job, then diet," she said, "otherwise, why? To be unhappy?"

Miss Barbieri said most men like a woman on the well-rounded

Stout Singers

side—"Who wants to hug a rack of bones?"

"OPERA DOESN'T have the great voices of 25 or 30 years ago," she said. "Not in this country, anyway. . . . In Europe singers don't worry so much about waistlines."

She added that other factors may be influencing voice quality—the shortage of great vocal teachers, and the fact that many of today's singers take on engagements in big theaters or out-of-doors concerts where "they have to shout."

Miss Barbieri, who was one of the stars at the Metropolitan opening, said that to sustain a dramatic role through an evening, a singer needs a hefty diaphragm.

"Some of my colleagues . . . always on a diet," she said. "And always nervous."

Miss Barbieri didn't mention any names of other prima donnas. But Maria Meneghini Callas, the lead in the opening night performance of "Norma," is said to have dropped from 215 to 135 pounds.

U. S. OPERA STARS in general have been slimmer in recent years. The Met estimates that of the 47 sopranos, mezzo-sopranos and contraltos on its roster, only a handful now wear a larger than size 14 dress.

"Some singers who diet themselves to thinness retain the big diaphragm," said Miss Barbieri. "Some don't."

Miss Barbieri, who made her Metropolitan debut in 1950, is a laughing woman with lovely face, sparkling brown eyes and creamy skin. Her bust measures 41 inches—"better than Marilyn Monroe," she said gleefully. She is tall—about five feet, eight inches—and weighs 170 pounds.

"It's that spaghetti," she said, "and anything with whipped cream." She said she is trying not to gain any more pounds—"but what a sacrifice!"

RUSH ADAMS, famed singing and recording star, and his trio are now appearing in the Piano Lounge of The Desert Inn for a limited engagement. Rush Adams can also be seen every week on the popular T. V. show "Bandstand Revue." In addition to this top name talent, Rudy Render will also be seen and heard in the Piano Lounge featuring popular songs and piano.

Female Nudes Featured for First Time in U.S. Movie

HOLLYWOOD — U.S. movie fans may be startled when they see a movie about photography, "The Naked Eye," because the eye is not the only object in the film that is nude.

For the first time in a Hollywood film, female nudes will be shown on the screen. And for the first time for any country's movies, Hollywood's own censor, the Johnston office, awarded its seal of approval to the picture, nudes and all.

The "Naked Eye" nudes don't move. They are still photographs made by famed lensman Edward Weston of models lying on sand dunes near his Monterey, Calif., home. "The Naked Eye," billed as the story of the art and fun of photography, also shows the photography—dressed—of Alfred Eisenstaedt, Margaret Bourke White, Weegee, Daguerre and other masters of the camera.

THE MOVIE, A hot contender for the documentary Oscar next March, virtually was a one-man effort by Louis Stoumen.

"I included the nudes because they are among the most beautiful in the art of photography," explained Stoumen. "We hope Weston, the photographer, will be recognized as a major artist, another Rembrandt."

"We thought the censors at the

Johnston office would be ladies in fussy hats, but not at all. They were human beings. They thought it was an artistic and wholesome picture.

"At first they said we couldn't have a seal because the production code says no nudity. Then the head censors gave us the seal. He suggested we take out one of our own shots of Weston's nude model moving around his house."

STOUMEN *WROTE, directed, produced, photographed and edited the 71-minute unusual movie — most of it in the tiny bedroom of an apartment he converted into his "motion picture studio."

The picture has no actors, sets, costumes, or usual script. Two thirds of the movie doesn't "move" but consists of still photographs.

Optimists Mark National Week

Palm Springs Optimist Club this week is joining with other Optimist Clubs throughout the nation in celebrating National Optimist Week.

Locally, on Tuesday night, official observance was made at the Inter-Services Club Dinner, at which the Optimist Club was host. Theme of Optimist Week, according to local President Sam Black is "Every Boy Needs a Man's Helping Hand," the same creed by which Optimists operate throughout the year.

Black said that there now are more than 1,200 individual Optimist Clubs in the United States, Canada, Mexico, Puerto Rico, Cuba, Hawaii and Alaska with a combined membership of more than 53,000.

Free Diabetes Tests Offered

Riverside County residents this week were urged to observe National Diabetes Week, by undergoing a free test as to whether or not they might be suffering from the condition.

Persons interested in taking the test are asked to call Overland 6-2707 to locate the nearest place where the test may be taken, according to Dr. Charles R. Tourtelotte, chairman of the 1956 Diabetes Detection Drive for the Riverside County Medical Association.

ANYTHING CAN HAPPEN to a girl in "The Solid Gold Cadillac," Columbia Pictures' comedy based on the long-running Broadway hit, opening tonight at the Plaza Theater. Judy Holliday and Paul Douglas, above, are starred.

Palm Desert

By GRETCHEN CHEESEMAN

The Palm Desert Woman's Club will have its regular monthly meeting Thursday, Nov. 15, at 12:30 in the Shadow Room at Shadow Mountain Club. Florence Churchill Casebeer, well-known speaker will give a general survey of books with a sharp focus on one outstanding book. She will also give a list of books that will make excellent Christmas gifts.

Many desert folk went up to Los Angeles this weekend to see the Rams and Fortyniners vie for top football honors. Major Slater, L. G. Baird and friends, also Mr. and Mrs. Charles Piro were meeting San Francisco friends, Mr. and Mrs. Billie Bruce Moore.

Mrs. Evelyn Sahland and her daughter, Olive Dyna, hosted a costume party last Saturday night. Their guests included Dr. and Mrs. Charles Alexander, the Carl Colemans, Robert Brooks, Forrest Bowers, Pat Ritchies, Henry LaFogues, Mr. and Mrs. Keith Crouse, Eloise Veneman, Edna Valse, Belle Keightley, Mr. and Mrs. J. Rankin of San Pedro, Bob Boyce and Bill Ellis of Los Angeles.

Mr. and Mrs. Ted Marshall are spending a few weeks at Blue Lagoon to be in close touch with the building of their new home on San Pasquale Avenue.

Mr. and Mrs. Norman English of Los Gatos, have returned home after a ten day visit on the desert.

Mrs. Fred Andrews has been in her Sun Lodge for the last week, while Mr. Andrews is in Canada doing some fishing and big game hunting.

Mrs. Margaret Estes has left the Coachella Valley Hospital and is with her brother in Fontana. She hopes to be home by Dec. 1.

The Ladies Guild of Palm Desert Community Church has worked diligently to make the pot luck supper next Tuesday night a big success. They expect an attendance of at least one hundred.

The Bridge Dinners at Shadow Mountain Club are proving a great success. The second one takes place Thursday, Nov. 15, and every other Thursday night thereafter.

Mrs. Joseph Moon hosted a cocktail and dinner party last weekend, honoring her houseguests, Dr. and Mrs. Roger McKenna of Los Angeles.

Dr. and Mrs. Stanley Chambers have returned from a six months world tour. They met their son, George, in Ubon, Germany, where he is stationed with the Army. They rented a car, took George with them for an eight day tour of Austria. When they flew into New York, they were met by another son, Dr. Van Uleek Chambers and his wife. This young doctor is spending a year in Rochester, N. Y., learning all there is to know about his specialty, pediatrics and allergies.

A luncheon linen shower, honoring

Ellen Walling West was given last Friday by Dorothy Blades, Kay Malone and Betty Page at the Page Ranch, better known as Rancho Palm Springs. There were fourteen of Ellen's friends present and a big bridal cake was presented with the gifts. Ellen and John Moon will be married Nov. 24 at the George Walling home, with only the intimate family present.

This next weekend will be a gay one at Shadow Mountain Club. Saturday, Nov. 17, will be the Formal Opening, and Sunday there will be a Fashion Show on the Terrace, following brunch.

Mr. and Mrs. Hal Kapp entertained Mrs. Icie Snead over the weekend. Seen lunching with them on Sunday were Marland and Robert Chapman, both well-known T. V. Actors; and Mrs. Snead's grandson, Steven Peters. Others seen on the Terrace at noon were Mr. and Mrs. Harold Wright, Mr. and Mrs. Charles Bluske, Mr. and Mrs. Ed Gardner, Mr. and Mrs. Ed Welcome, the Forrest Whites, Henry Cheesmans, Bobbie Reichert, Boynton Jones, and Mr. and Mrs. A. H. Coffin.

Mr. and Mrs. Ralph Caplinger have returned home after many months of motor travel. They touched about 38 states, and as they took a stroll on the Boardwalk in Atlantic City, who should they encounter by Bob and May Hanson, who spend much time here in the desert.

Mr. and Mrs. Owen Ward were here over the weekend with their family, Edith Eddy and Bunny Ward.

The Date Empire Shriners always bring out a big crowd for their dinner dances, and Saturday night was no exception. Among the guests and their friends were the Bernard Sponbergs with their guests, Mrs. Pauline Edwinger and Miss Lucille of Santa Monica, Mr. and Mrs. Ernest Blenkorn, Mr. and Mrs. L. C. Cotner, the Arthur Burklunds, Wesley Nimmans and guests, Quincy Pipes, Lowell Clark, Mr. and Mrs. Russ Nicolls and their guests, Mr. and Mrs. Soderburg of Los Angeles, the Elliott Bandinis, Mr. and Mrs. Sanford Eades and guests, Mr. and Mrs. Russ Mori, Frank Mooneyes, Mr. and Mrs. Rene deVaranne with Alice Muro and Bill Owen, the George McWilliams family, Otto Emmons, the John Berrys from Long Beach, Tony Josephs, Mr. and Mrs. Wayne Tiss and guests, Mr. and Mrs. Fred Manchee of New York, Allen Fredholds, Mr. and Mrs. Adrian Schwilck and guest, Mr. and Mrs. Laurence Reynolds of Laguna Beach, William J. Bryans and the John Morans and many more.

Mrs. Ed Welcome has returned from a New York visit of several weeks. She was enthusiastic about the fall days there but agrees that the desert weather is absolutely perfect.

A luncheon linen shower, honoring

Gillette to Visit DHS Rotary Club

Alpheus J. Gillette, District Governor, will make his annual visitation to the Desert Hot Springs Rotary Club at its regular meeting Thursday at Carr's Cafe in Desert Hot Springs.

In addition to his address at the meeting, Gillette will confer with DHS President Herbert Seales, Secretary Joe Kanya, and other officers and committee chairmen of the club.

Tests at the University of Illinois show that shade limits soybean plant growth and may affect oil and protein content.

15-Year-Old Girl to Compete in Police Rodeo in Village

A 15-year-old Palm Springs girl is going to invade the realm of hard-riding cowboys here next February—if officials to not bar her.

She is Eleanor Jones of 77 Mel Avenue, who only last Saturday placed third in the Western Week Parade here.

Her latest attempt at Barback Riding was at the Silver Buckle Rodeo at Taylorsville in Plumas County in California. She didn't place in the event, missing by only a few seconds, but received well deserved applause from the many persons present.

At that time she was only 14, and her appearance attracted a large amount of attention in that

tough mining and logging country. In fact, she was only permitted to enter after her parents made a special trip there to give their personal consent.

Now, she wants to appear before the residents of her home town,

Heavy Lettuce

GRANBY, Mass. (AP) — Mr. and Mrs. Alpinse Bissel grew a six pound head of lettuce on their farm.

A survey by the South Dakota game, fish and parks department indicates that the state raised 360,000 ducks last year, a decrease of 56 per cent from 1954.

Carnation corner

It's hard to describe the very special flavor of Carnation Mocha Whirl Ice Cream. Words just don't do it justice. Carnation has captured the flavor of freshly-brewed, freshly-creamed coffee; laced it with swirls of rich chocolate fudge topping; and frozen it into the smoothest, most tantalizing ice cream imaginable. Only Carnation could make it so good!

Believe me, I'm keeping plenty of Mocha Whirl on hand while it lasts. It's a mighty satisfying snack to serve to hungry TV watchers... to the children after school... or to the unexpected guests who've been dropping in these fine Fall evenings. Carnation Mocha Whirl Ice Cream makes the simplest fare seem "company special."

Hasty Snack for Hungry People

Deviled ham and cheese spread sandwiches... warm, spicy gingerbread topped with Carnation Mocha Whirl Ice Cream.

DEVILED HAM & CHEESE SPREAD

(Makes 8 sandwiches)
1/2 cup (3-oz. can) deviled ham
1 cup CARNATION COTTAGE CHEESE
1 tablespoon minced onion
2 tablespoons sweet pickle relish
3 tablespoons CARNATION SOUR CREAM
Blend all ingredients together. Spread on buttered rye bread. Serve with warm gingerbread topped with generous helpings of Carnation Mocha Whirl Ice Cream. Like all Carnation Ice Creams, delicious Mocha Whirl is nourishing and digestible, too. Let youngsters enjoy it often. No need to coax about this "health food!"

FACE LIFTING FOR FLOWER POTS!

Show your husband this easy way to pretty up flower pots and I'll bet you'll get all yours done today! Just knot a piece of rope and slip it through the hole in the bottom of the pot. Then hang the pot on your clothesline and paint.

TREAT YOURSELF to an "ice cream break" in the middle of a busy afternoon. It's easy if you have a half-gallon of Carnation Mocha Whirl tucked away in your refrigerator freezing compartment. Why not stock up today?

CARNATION COMPANY
45-190 Jackson Street

Snow Flurries in Northern States

By UNITED PRESS
Light snow accompanied a cold air mass that moved through the northwest portion of the country early, and heavy snow was forecast for portions of Nebraska. Cold air moved into the Northwest and made considerable headway east and southward. It covered the region from the Upper Mississippi Valley westward through the Northern and Central Plains to the Pacific Coast from Washington to Central California. Weathermen expected the nippy air to penetrate the Northern Great Lakes area today and also swing southward through Kansas, Arizona, and Southern California.

SCATTERED SNOWS have fallen from the Western Dakotas to Eastern Oregon. Most amounts, however, have been light.

The snow was expected to whiten the countryside from the Rocky Mountains eastward to the Northern Lakes today. Showers were forecast along the leading edge of the cold air which dropped temperatures to the 30s and to the teens in mountain regions.

The East Coast was still under the influence of another cold air mass moving eastward over the Atlantic. A few snow flurries occurred in the chilly air from Northern New York through New Hampshire.

BETWEEN the two cold air masses, southerly winds brought a warming from Southern California eastward through the Southern Plains and Mississippi and north-eastward through the Great Lakes. General warming was to occur in the East today with a few showers possible in Northern Atlantic Coast states. Showers and thundershowers also were forecast from Texas to Arkansas.

May Ask Elvis To Defend Style

ROMEO, Mich., (AP) — The attorney for a youth expelled from school for sporting an "Elvis Presley" haircut said today the swirly-haired crooner himself might wish to appear in court as defense witness.

Romeo High School Principal Harold F. Barr "has called my client's hair style an Elvis Presley haircut," said Attorney Games C. Daner.

"He implies that Mr. Presley has set a style that automatically and arbitrarily warrants expulsion and connotes delinquency," he added. "Mr. Presley may wish to appear in Macomb County Circuit Court Friday to refute that ridiculous premise."

Hit-Run Driver Sought Here

Police are looking today for a red and white 1955 Ford Victoria which knocked down a pedestrian here Saturday night, and fled the scene.

The hit and run accident was reported by George Lipset, 42, 232 Arenas Road, who was the victim in the accident, and who one and a half hours after being struck by the car walked into the police department to report it.

He was treated at Desert Hospital and sent home.

Christmas Tree Project Planned

Palm Springs Junior Chamber of Commerce again this year will conduct its Christmas Tree sales project to raise funds to carry on its numerous civic activities and projects throughout the rest of the year, Bill Bronstein, president, announced today.

The sales will be started on or about Dec. 8, on the lot located at the northwest corner of Palm Canyon Drive and Ramon Road, next to Higgins-Ladd Hardware store, and across from DeMuth Park.

Order blanks for advance sales to hotels and retail stores have already been sent out, and orders have started to come in, Bronstein said.

The lot will be cleared within a few days, and trees to be sold are all Canadian grown "Douglas Fir" and "Silver Tip" varieties. Fireproofing of trees will be done for a slight additional charge.

In charge of the program is Frank Allen, with Ken Wallace assisting.

From Page 1, MORE ABOUT PRESIDENT

Mr. Eisenhower regarded his own reelection as a mandate for his basic policies. To think otherwise, he said, would be to arrogate to himself unthinkable personal magnetism.

4. He agreed emphatically that steps must be taken to check the rise in the cost of living. He said he hopes business, labor and all elements of the American economy will cooperate with the government in achieving an economic balance to prevent inflation.

THE CHIEF executive's meeting with 258 reporters in the crowded conference room of the Executive Office Building was devoted almost exclusively to the tense situation abroad and the aftermath of last week's election.

Before the question period started, Mr. Eisenhower spoke of the situation in Hungary and the Middle East. He said that, really, for the first time in history international machinery to settle disputes at the conference table instead of the battlefield is receiving a truly thorough test.

While the United Nations is attempting to calm down the crisis abroad, he said, is no time for a summit meeting on the Middle East and Hungary.

He said he believes firmly that while the United Nations is at work with some hope of reaching a peaceful solution of the differences in Hungary and the Middle East, it would be a mistake to open up summit meetings.

The President, rarely smiling during his more than 30 minutes with reporters, said his position did not foreclose such meetings in the future. He was merely against the idea for the present.

As to a Big Three meeting with the British and French, the President said this had been discussed without setting a time or place.

GIRL FOR GALE STORM

HOLLYWOOD, (AP) — Actress Gale Storm, the "My Little Margie" of television, was described as in "good condition" today at St. Vincent's Hospital after giving birth to a six-pound, nine-ounce daughter.

Doctors Told All Incurable Cancer Cases Not Hopeless

WASHINGTON (AP) — Two radiologists advised fellow doctors today to stop writing off as "hopeless" so-called "incurable" cancer cases.

The two specialists said too often these "incurable" cases get a "minimum of thoughtful attention and a bounteous supply of opiates."

The radiologists, Drs. George Cooper, Jr., and James A. Cranford Jr., both of the University of Virginia school of medicine, said that no disease becomes hopeless until every known method of treatment "has been carefully, fully exploited" without effect. In cancer cases that includes consideration of radiology, which is treatment with radioactive substance and X-rays, they said.

Some patients for whom there was only faint hope have been cured of cancer because the physician did not despair, they said in a paper presented to the Southern Medical Association in convention here. For others, life was prolonged and the patient was able to lead a happy normal existence.

Dislikes Own Records

HOLLYWOOD (AP) — Crooner Johnny Ray says he prefers listening to records by Perry Como and Frank Sinatra. "I can't stand listening to my records," he said. "The voice is too piercing."

Youth Injured in Traffic Accident

Don Johnson, 35, 367 South Via Miraleste, was given emergency treatment at Desert Hospital for minor injuries suffered in an accident at 5:37 p.m., yesterday, involving his pickup truck and a car driven by David Arthur Morton, 27, 656 Mountain View.

Morton was starting a right turn off Ramon Road at El Placer, and the vehicle driven by Johnson struck the right rear side of the car ahead, according to investigating officers. Both vehicles were traveling east on East Ramon.

Wisconsin has 10,000 miles of trout streams, and 8,500 lakes.

Family Weddings

EDWARDS, N. Y. (AP) — Miss Margaret Rude and James A. Rider were married in the Methodist church and immediately after the ceremony, Miss Rude's grandmother, Mrs. Eva Miller, was married to Leslie W. Hartle.

GOOD REMINDER

Last week's "Operation Beer Can" of the Cathedral City Area Business Association was not only a praiseworthy community effort but an excellent reminder to all of us to refrain from throwing cans, bottles and trash from our car windows. They collected 12 truckloads of the stuff which people had thoughtlessly tossed to the roadside. It's worth taking a drive out that way to see what our roadsides should look like.

This is also a good time for the authorities to be on the lookout for people who are caught littering up the highways. It's against the law, you know, and people caught in the act are subject to a heavy fine. If the courts will assess some severe fines against litterbugs caught by the police, it will help impress upon the peoples' minds that they should stop this thoughtless practice. It is the volunteer compliance that is needed the most, however, because it is possible to catch only one out of ten thousand offenders.

The movement to "Keep America Beautiful" is sweeping the nation. All sections are taking measures to wipe out the disgraceful conditions along the nation's beautiful highways. More than 100 national trade associations, representing 50 major industries—along with 40 national civic and service organizations like the Cathedral City Area Business Association—are actively cooperating in a nation-wide program to eliminate litter from our highways.

It's not only along the highways that trash-throwing goes on, either. We see hundreds of examples of it right here along the palm-lined streets of Palm Springs. Wrappings and all sorts of stuff are thrown onto the sidewalks and streets by residents and visitors alike. Just look around and see for yourself.

This being a litterbug is nothing but a bad habit which can be cured easily if every member of the family will cooperate by reminding one another. Neighbors and friends can call one another's attention to a thoughtless act of throwing something on the sidewalk, street or highway. Try it sometime. The next time you see a member of your family acting like a litterbug—stop them in the act. They will not be offended but will appreciate being reminded of their mistake.

Keeping Palm Springs beautiful is a good way to start keeping America beautiful. Start today. Don't throw trash along the highway which the business and professional men of the community have to go out and pick up!

(Editor's Note: Because of the intense public interest in the "Right to Work" law which is being considered by Palm Springs City Council, and because action on it may be taken tonight, we are republishing this Los Angeles Times editorial in the public interest.)

NEVADA BEATS UNION DOMINATION
(Los Angeles Times)

By a narrow but sufficient majority, Nevada defeated on Tuesday an effort to put the State under the thumb of union-labor bosses. The vote was on Nevada's "right to work" law, adopted several years ago, and on a collateral proposal which would have put union officials above the law.

The vote on the first proposal, which was to repeal the "right to work" law, was 45,172 to 39,081 in favor of retaining the law. The second proposal, which, in effect, would have prevented the State of Nevada from taking any action against any activity of labor unions, was defeated, 45,838 to 35,707.

The "right to work" law, like that in other States (there are 16 others), provides that neither membership nor non-membership in a labor organization shall

be required for holding a job. The union drive against this was conducted with the customary misrepresentation that the existence of the law "kills" labor unions and is unfair to dues-paying members. The fact is, of course, that labor unions have been able to organize in the States that forbid the "union shop" quite as effectively as in the States that permit it. Instead of being unfair to rank-and-file members, the right-to-work law protects them against rapacious or Communist union officers, since it permits them to quit the union if dissatisfied with the way it is run.

But it was the second proposition in Nevada that was the real dilly. It was a proposed amendment to the State Constitution which would have permitted unions to "carry on concerted action"—a phrase which would have legalized boycotting, all manner of picketing and anything else which a union official might think of; would have permitted unions to require union membership as a condition of employment, thus legalizing the closed shop, and would have forbidden either the Legislature or the executive to impair or abridge any union activity.

The margin of 10,000 by which the voters of Nevada beat that one disposes of the question for now, but who can doubt that the labor union officials will be back at the next election to try again? It will cost them practically nothing, since they can dip into the union treasuries to pay the cost.

The National Right to Work Committee quotes figures gathered by the National Bureau of Economic Research to disprove the contention of union officials that "right to work" laws hamper organization. These figures show that in 14 of the 17 States with "right to work" laws the increase in trade union membership is above the national average. The national average increase between 1939 and 1953 was 148.8%; the increase in the "right to work" States ranged from 307.4% in South Carolina to 153.1% in Nebraska; in Virginia it was 128.2%, in North Dakota 119% and in Iowa 115.4%.

On the basis of these figures, it is possible to argue plausibly that "right to work" laws encourage union membership, by removing one of the principal objections of nonunion men to joining up—the fact that they surrender their rights as Americans and put themselves in the power of union officers with no recourse. Where union membership is not irrevocable, men are more easily persuaded. When they know they can't get out without forfeiting their jobs, they may think a long time before entering what may prove to be a trap.

Obviously, the workman in a "right to work" State can more safely oppose activities of the union than he can where a union officer can compel his employer to fire him.

Incidentally, California is one of the States which does not have this beneficial statute. We need it, to safeguard not only the rights of nonunion workers to remain independent if they prefer, but the rights of union members to defy their officers, without reprisal, when they engage in activities of which the members disapprove.

PARAGRAPHS

By H. V. WADE
In the Detroit News

That fellow who invents the better mousetrap isn't going to have much of a path beaten to his door unless he provides ample off-the-street parking for customers.

So many men retire to devote their time to their gardens, but a lot more would be willing to keep on with their jobs if they could just retire from yard-work.

'Welcome Back to the People's Democracy'

THIS SIDE
of The Sun
By Phat

With Thanksgiving almost upon us
It will not be very long
Before the air all around us
Is filled with that
White Christmas song.

Better not be caught napping.
Only 33 shopping days, give or
take a miscount, until Christmas.
I always like to be early with
these things.

MOST EVERYONE is talking
about the disgraceful condition of
California's roadsides due to
thoughtless, careless and slovenly
people who toss litter out of
automobiles.

Over in Cathedral City they did
more than just talk. They did
something about it. And as a result,
there isn't a border of beer
cans alongside Highway 111 there
today.

More than 30 businessmen got
out and did a bit of back-bending
exercise Saturday, picking up
beer cans and other rubbish.

THAT'S A CIVIC-MINDED idea
which could be adopted other
places. Further healthful
exercise could be provided if each
citizen took along a club with
which to conk the next loaf
tossing out litter.

Incidentally, the state has re-
vised those signs along the high-
ways. No longer do they just
warn that it is unlawful to dis-
pose of garbage by the roadside.
They now include litter.

WRITING ABOUT Cathedral
City reminds me that nicknames,
especially for cities, can be down-
right obnoxious and opprobrious.
Am thinking of the uncouth char-
acter of a few miles east as "Cat
City." I can't see how that fits
at all.

If the people of San Francisco
or San Bernardino see red when
they hear "Frisco" or "Berdo",
Cathedral City residents must be
ready for Operation Mayhem
when they hear "Cat City."

And sometimes, we are called
just "P.S." Now that's wrong.
P.S. means Postscript and you
couldn't begin to do the Village
justice in a 20-page letter, let
alone a mere postscript.

AN INSTITUTION active in
Village betterment which has not
been mentioned here for some
time is the Welfare and Friendly
Aid association. They are doing
so much good so quietly without
fanfare or fuss that they are likely
to be overlooked.

Every once in a while, however,
they need the help of Villagers
so they can better help other Vil-
lagers—something for a family
which finds itself suddenly in dis-
tress, or for the store they con-
duct where needy families find
many items they need.

So if you have outgrown some
item, don't just junk it. The WFA
can probably see to it that some
one who needs it, gets it.

It's another great Village insti-
tution that is doing a great good
and deserves your assistance.
The offices are in the Health
Center on Amado Road.

COMES A communication: "Do
you know that you set some sort
of a record Friday? You didn't
use that perpendicular pronoun
once applied to yourself. Once I
took a census and you punched
that "I" key 28 times in one
column."
Could be that it is worn out.

INEZ ROBB:

The 'Miltini' for Tranquilized Pep

Well, sir, before the Hungarian
and Middle East crises arose, I
filed away an item in the folder
reserved for "Decline and Fall of
Civilization."

Even as a born optimist who
operates with the long view (i.e.,
an optimist who believes man-
kind could stand a whole lot of
improvement even in this best-
of-all-possible worlds), I judged
the item as inflammatory and
calculated to spread undue alarm
among the general populace.

Now, however, I feel it my
duty to record this alcoholic item.
It is one woman's opinion that it
is a neurotic negus born of the
times. This concoction called a
Miltini is, I understand, in wide
circulation among such sections
of the haut monde as have passed
beyond the help of psychiatry.

ANYWAY, THIS notion—and, believe me, in this case one man's
potion is another man's poison—is a six or seven-to-one
Martini in which a Miltown is
substituted for lemon peel or
olive. (Better we should work for
the abolition of this than the hy-
drogen bomb, but let us not get
political after what we have just
gone through!)

It is also one woman's opinion
that here is the perfect panacea
for the megrims and the shakes
that afflict homo sapiens. Pre-
jangled nerves and cool his fev-
er in the first place to brace him-
self to face another day, to give him
the bounce to carry on until the
five o'clock whistle and shadow
overtake him.

But to this small, economy-size
cure-all, he adds a Miltown or
tranquilizing drug to soothe his
zangled nerves and cool his fevered
apprehensions.

In a sad, frightening way, the
Miltini must stand forth as a per-
fect work of art. Here is an elixir
that at one and the same time
peps a man up so he can lick the
world and turns his damper down
so he can endure it.

IT IS DOUBTFUL if any other
creation of the mid-20th Century
so typifies this frantic, uncertain
era in which no man can know
what the next hour will bring. A
hermetically-sealed shaker of

Miltini, or at least the recipe,
should be included in every
pompous mid-century cornerstone
built, filled and laid so that pos-
terity can know what real cool
ent was and how extraordi-
nary the civilization we
wrought.

The Miltini is the next logical
development flowing out of the
rash of books, published since
World War II, whose theme is
"How to Live and Like It." And
it does not put the illiterate at
a disadvantage. From now on
out, peace of mind will not be the
exclusive property of the man
with a library card.

Furthermore, the Miltini is the
final answer to that old-folk
lied, "Who Put the Benzidine in
Mrs. Murphy's Ovaltine." Mrs.
Murphy was just ahead of her
time.

Well, friends, down the hatch!
Or, maybe, the drain.

QUOTES
By UNITED PRESS

WASHINGTON — President Ei-
senhower in his appeal for Ameri-
can help for Hungarians seeking
to escape Communist oppression:
"Few events of recent times
have so stirred the American peo-
ple as the tragic effort of Hun-
garian men and women to gain
freedom for themselves and for
their children."

LONDON — Soviet Premier
Nikolai Bulganin in turning down
President Eisenhower's plea for
removal of Soviet troops from
Hungary:

"The withdrawal of Soviet
troops from Hungary is a matter
solely within the competence of
the Hungarian and Soviet govern-
ments."

RAPID CITY, S. D. — One of
two Navy scientists over their
radio as they descended from a
record 14.6 mile balloon ascen-
sion:

"We are going to really take
an elevator. We are calm, cool
and collected. I think, or maybe
you'd call it mildly perturbed."

GRIN AND BEAR IT

By LICHTY

"... And while I'm not trying to forget any cam-
paign promises... I do feel that the voters ac-
cepted them in the spirit in which they were made!"

EARL WILSON:

Roz Russell Strikes it Rich

NEW YORK — Roz Russell
made me both laugh and get
misty-eyed at her hilarious hit,
"Auntie Mame" — but beyond
her acting, Roz is quite a busi-
ness babe. She invested \$37,500
in this show... Which, with her
salary, percentage and angel's
dividend, should make her the
richest gal in Hollywood.

Actress Ethel Coby, who does
a lot of burping on stage, actual-
ly has her burps "dubbed" for
her by fellow actor Cris Alexan-
der who burps offstage through a
microphone. This is the newest
stage specialty yet.

One wonderful exchange goes
like this: "She's not English,
she's from Pittsburgh" ... "She
sounded English" ... "Well,
when you're from Pittsburgh, you
have to do something."

Princess Grace Kelly didn't
vote in our election (though she
could). She and the Prince dined
at Lucky Pierre's. Rainier
brought a bottle of his own wine,
tasted it, decided it wasn't good
and told the waiter to throw it
away ... Joe E. Lewis, closing
at the Copa, got a standing ova-
tion from Tony Curtis, Janet
Leigh, Eleanor Holm, Bernie
Kamber, Slapsie Maxie Rosen-
bloom and others. "If I'd known
you were gonna eulogize me, I'd
have died first," said Joe E.,
who claimed he had laryngitis
from drinking out of a damp
whiskey glass.

LIZ SCOTT, Scranton's gift to
beauty, is likely to be Elvis
Presley's next leading lady in the
Hal Wallis-produced picture, "The
Lonesome Cowboy." Liz is sup-
posed to keep him from getting
lonesome ... Ernie Kovacs just
made good. The heir apparent to
Steve Allen on "Tonight" was
sued for \$5,000,000 by Elvis for
snooping him with a speeded-up
film clip, N.B.C. which was also
sued, figures Elvis wasn't dam-
aged much — judging from the
ratings he got on CBS.

George Jessel told worried
movie exhibitors in Jacksonville,
"You have nothing to fear except
the Reds, the Egyptians, and
another picture by Liberace."

My B.W. recently complained
about the high price I paid for
some glasses (for reading). Now
dig this, doll: at Aitchison's, 60th
& Madison, some glasses de-
signed by Schiaparelli, of diamond
and platinum, are price-tagged at
\$10,000.

THE HIGHEST PRICE offered
so far for four tickets to "My

Fair Lady" is \$2,200.

A Texan, seeing Cleveland ac-
countant Ernest J. Wentland dis-
playing the four tickets in a
Hotel Statler elevator, announ-
ced: "I'll give you every cent I've
got in my pockets for those."
And he hauled out \$2,200.

Wentland had to turn it down,
for he had to take three impor-
tant clients to the show. And he,
Wentland, had already seen the
show.

The "Major Barbara" audience
titters when Charles Laughton
speaks the GBS line: "He knows
nothing and thinks he knows
everything — that points clearly
to a political career" ... When
the rains came, Mike Todd's of-
fice distributed 1,355 umbrellas
(costing \$1.60 each) to people
lined up to get into "Around the
World in 80 Days."

H. ALLEN SMITH's new book,
"Write Me a Poem, Baby," a
collection of the writings of chil-
dren, offers this essay by a 10-
year-old: "The Poor Family."
"Once upon a time there was
a poor family. The mother was
poor. The daddy was poor. The
children were poor. The butler
poor. The chauffeur was poor.
The maid was poor. The gardener
was poor. Everybody was poor."

THE MIDNIGHT EARL ...
Zsa Zsa Gabor's latest is a very
social, married millionaire ...
Fritz Kreisler missed a banquet
due to Mrs. Kreisler's illness ...
Elisa Maxwell tossed a party far
33 at El Morocco ... Add Bett
Dressed men: Sherry Shadburne's
husband, Bob Levitt ... Gladys
Swarthout and husband Frank
Chapman, just arrived here from
their home in Florence, Italy,
are particularly worried about
the international crisis, as they
spend 7 months a year abroad.

Eddie Fisher's reported so
good in "Buckle of Joy" that
RKO'll rush him in "The Russ
Colombo Story" ... Ricardo
Montalban's desperately trying to
locate his brother, Carlos, who's
in Egypt (making a movie) ...
Mrs. Ham Fisher and Atty. Mort
Farber will soon set the date ...
Jennifer Marshall's causing lots
of talk with her singing at the
Calypso Room.

Rita Hayworth seems serious
about writer Peter Viertel, who
used to be the beau of Bettina,
the model who's planning to
marry Aly Khan ... Spike Jones'
band'll ride in the Macy's Thank-
sgiving parade along with parade
marshal Roy Rogers.

MIKE CONNOLLY:

Hope May Team With Desi Arnaz

Bob Hope, who turned down a
television offer several years back
because he felt he works best in
the spontaneous atmosphere of
live TV, is now listening with
rapt attention to Desi Arnaz's
pitch to star Hope in a filmed
series for Desilu Productions ...
I asked Rapid Robin why the
change of heart. Said ol' Ski-
Nose: "I'm thinking about my
estate, boy. Those residuals from
filmed television shows make a
mighty impressive nest egg in
other people's pockets — so why
not in mine too?" ... Eddie
Fisher's fan clubs have already
asked for twice as many tickets
for the Dec. 21 premiere of "Bun-
dle of Joy." Eddie's first picture,
at the Egyptian Theatre here in
Hollywood than the theatre holds.

Problems, problems ... Now El-
vis Presley will houseguest with
Natalie Wood in HER home in
Sherman Oaks ... "Producers"
Showcase" dropped its plan for
Jose Ferrer to produce and star
in "Pal Joey" Jan. 7, as fore-
cast here. Couldn't wangle the
TV rights to the musical.

EDGAR BERGEN took a good
look at Mortimer Snerd one night
recently and decided to stream-
line his bumptious stooge ... Ac-
cording to Bergen, Mortimer's
head is too close to his shoulders
and he needs a longer neck and
arms so that he won't look so
scrunched up. Okay, Edgar—but
FEASE don't tamper with our
boy's personality! ... Thanks-
giving note: Mexicans give their
turkeys a shot of tequila before
they behead them ... The car-
washing lots in Hollywood started
doing a thriving business the se-
cond Adlai Stevenson conceded
that Ike was in. The Stevenson-
Kefauver stickers were scraped
off those cars quicker'n you could
say Dick Nixon! ... Jerry Lewis
wrote me a thank-you note for
something I wrote about him and
then p.s.d: "Did you ever get a
thank-you note from someone you
rapped?" ... Dear Jerry: No.

SAMMY DAVIS, Jr., guesting
all over the TV dial lately, will
take time out for flying two-week
international disk jockey tour
through Europe ... Letter from
Pat O'Brien, postmarked Dublin:
"Just saw a cricket match. One
guy has been at bat two-and-a-
half days!" ... TV scripter Max
Shulman was once asked to write
the beginning of a story that in-
trigued you so much you couldn't
put it down until you had read
straight through till the end. This
is what Max wrote: "Bang, bang
—bang, bang! Four shots ripped
into my groin and I was off on
the adventure of my life" ...
Ray Anthony's doctor told him to
slow down but Ray retorted there

isn't time ... John Saxon, Holly-
wood's newest star, has already
started going to a psychoanalyst
... Most comforting thing about
psychiatric treatments, from all
I've heard, is that they enable
you to correct your faults by con-
fessing your parents' shortcomings
... Roger Corman says there's
nothing wrong with televi-
sion that good pictures won't
cure.

JIMMY STEWART tells me he
will wear the same cowboy shirt
in GE Theatre's "Silver Annie"
on Nov. 23 that he wore through-
out his newest Western for Uni-
versal, "Night Passage," even
though, as Jimmy explains, "It's
gotten a little gamey" ... Now
that Jack Benny and Bing Crosby
are definitely set for those CBS-
Radio Christmas shows, it HAS
to be a happy holiday season.

June Allyson and Frances Ber-
gen, Edgar's mate, will guest on
Benny's hour-long clambake Dec.
2, while Rosemary Clooney, the
Norman Luboff Choir and Paul
Weston's orchestra will share the
"Sing with Bing" Christmas Eve
festivities ... An efficiency ex-
pert came through the offices of
a TV network, tapped several
executives on their shoulders and
said, "I hate to disturb you gen-
tlemen—but you're FIRED!"

DANNY THOMAS's money is
behind "The Real McCoys," new
teleseries starring Walter Bren-
nan. Production starts first of
the year ... CBS-TV signed Paul
Gregory to produce a minimum
of three Spectaculars a year for
three years—which makes Paul
very happy. But because the net-
work can't seem to make up its
mind about any definite dates for
said Spectaculars, big-name stars
are shying away—which makes
Paul very sad ... Terry Moore,
offered the lead in a number of
TV series, says nothing doing un-
til she's ready to retire from the
movie screen, which will be a
while yet ... Jacques Bergerac,
Ginger Rogers' spouse, is poised
to sign for the title role in a new
teleseries titled "Adventures of
Jean Lafitte." Bergerac, who
comes from a town five miles
from Lafitte's birthplace, tells
me, "Lafitte was a Basque, like
I am. The Basque are not
Frenchmen. We have a language
of our own, and are different
from the French physically and
morally." Hmmm ... Scott
Brady, who just squeezed some
movie Westerns between his TV
stints, calls them "triggertreats
... Red Skelton tells it: Two
convicts looked out through the
bars of their cell on a beautiful
sunny day and one said, "Gee,
on a day like this it's CRIMINAL
to be indoors!"

Social and Club CALENDAR

(Clubs and organizations are invited to call in calendar dates to 5905.)

- November 15
Lions, Chi Chi, noon.
Toastmaster Club, Del Tahquitz, 6:45 p.m.
Elks Lodge No. 1905, 8 p.m.
- November 16
Jaycees, Legion Hall, 7:30 p.m.
Elks Lodge No. 1905, 8 p.m.
- November 17
Shadow Mt. Club, formal opening, 8 p.m.
WAF open house, 295 Hermosa Place, 10 a.m. to 8 p.m.
- November 18
Founders Day Picnic, Tamarisk Park, 12:30 p.m.
- November 21
Lotary Club, Tennis Club, noon.
Lotary Anns, Tennis Club, noon.
S. Optimists, Del Tahquitz, noon.

Legion to Have Social Meeting And Potluck

There will be a social meeting for all members and guests of the American Legion Post 519 to be held at the American Legion Hall, 400 North Belardo Road at 6:30 p.m. on November 20.

A potluck dinner will be served (turkey) and all planning to attend are requested to bring their own service.

Froman Golden, Commander and Nick Carsocelli, activity chairman are in charge of program arrangements.

Around Town

with Hildy Crawford

Such dreamy weather as we're having for November ... makes you think you must have moved into that Castle in Spain ... which has been outdated by life in Palm Springs ... The nice part about it is ... that whether you arrive in a chauffeured Fleetwood ... or in a beat-up station wagon loaded with small fry ... whether you live in a walled estate in Las Palmas ... or in a tiny house on a sunny sandpile on the edge of the Village ... the sun shines on all of us ... The catch, this time of year, is that most of us are so busy ... that we can't be out in the sunshine as much as we would like ... Now our dream stuff is ... to have a little more leisure for a lazy, out-of-doors Palm Springs vacation ... Who could ask for more?

General and Mrs. Victor E. Bertrands (USAF-Ret.) were down from Encino for the weekend ... and have just bought a house in the Smoke Tree Valley Estates ...

Evelyn (Mrs. Sydney) Schiff got in from Chicago Saturday night ... and was honored at a "welcome home" party given by the Co. Thorntons ... at the Racquet Club Sunday night ... Others in this dinner group were Vie and Bud Graves, the Burnham Bigelows and Bob Palmer ... Sydney is still in Chicago but will be out later ...

The G. E. Karlens (he's president of Thunderbird) flew down from Tacoma this weekend ... and are here for the season ... They had Sunday night dinner at the Club ... with Ruth and Lou Manseau, the Kent Hays, Harry Von Zells, Mrs. L. L. Oakes and Eric Stainton ...

That same night the Chauncey Needhams had as their guests ... Georgina Poston and Harold Hicks, Fitz Binnion ... Herbert Listman and his houseguest B. O'Connor of Birmingham, Michigan ...

Jimmy Van Heusen and Sammy Kahn ... who are usually to be found collaborating on a new hit song ... barbecued chicken the other evening at Jimmy's house out on Calico Road ... Attesting to their culinary ability were Sam-

my's wife Gloria ... Bill and Mary Morrow, June O'Neil, who was maid of honor at the Morrow wedding, and Pete Pettito ...

The Morrises are staying in Bing Crosby's house ... up above Thunderbird ... and will be here through Thanksgiving ... Mona Freeman and little Mona are there too ...

Bing is back in New York ... seeing the shows ... visiting son Lin at Williams College ... and looking up old friends ... He's due here around December 10 ...

Phil Harris is going to join him in New York ... They will pick up a New Cad in the East and motor down through Georgia and North Carolina ... stopping along the way to get in some golfing ... They'll wind up the motor trip in Florida ... leaving the car to be chauffeured home ... and will travel west by train ... Incidentally, the piano is still in Jimmy Van Heusen's Piano Lounge ... but Jimmy isn't ... and I hear via a neon-lighted, rhinestone-studded grapevine ... that Jimmy and Bing and Bill Morrow and Pete Pettito are cooking up something ... not quite to the sizzling stage yet ...

Ginny Simms is just back from New York ... where she went to look at clothes ... but spent most of her time attending plays ... and being entertained by friends at Club 21 and the St. Regis ...

Ginny who broke in her new nightclub act in Phoenix last month ... is opening here in the new Chi Chi Starlite Room on November 26 ... The lovely singer was well-received in Phoenix and should get a warm reception in her home town ...

Many of her friends will be coming down for the opening night ... Princess Pathia (sister of King Farouk) and her husband Riad Ghali ... will be down as Ginny's houseguests ...

Duo dining in the smart Spur and Sable Room at LaPaz, during their Palm Springs weekend ... were singer Jo Stafford and her husband Paul Weston ...

Betty and Bill Bannerman were down to spend the weekend at their home here ... and had as their houseguests Dr. and Mrs. Kenneth Blake ... The Bannermans, who have a beautiful home on a knoll overlooking the Beverly Hills Hotel ... plan to spend Thanksgiving in Palm Springs ...

Weekending at the Red Barn were James and Millie McReynolds (he's president of Coulter in Los Angeles) ... They are opening two new stores, one at San Bernardino and one at LaJolla ... Among other weekend guests were ... actress Doe Avidon, who played one of the leads in "Big

HONEYMOONING HERE at Hotel Oasis are Mr. Patrick F. Conways. They were married in St. James Church in the Bay City, and will return to San Francisco to live after a week in Palm Springs.

Water Ballet and Style Show Tomorrow Night to Raise Money for Band Uniforms

Several aquatic stars will participate in the water ballet and fashion show to be held tomorrow night at the High School pool at 8 o'clock, under the joint sponsorship of the high school and the junior high school.

Six year old TV star Mary Ker (she has been seen on the Gracie Allen and Milt Berle shows and in TV commercials) will do a ballet solo and also some modeling.

Others appearing in the water ballet include: diver Bob Webster, 18-year-old pupil of Olympic champion Dr. Sammy Lee, and high school conference champion of

ford, Elstner Hilton, Miria Kryslak, and Linda Wester.

The show is open to the public without charge. Coffee and home cake will be served for a donation of twenty five cents to raise money for Junior High band uniforms. These will be western outfits in the school colors, royal blue and white. Last year the Guild bought robes for the Junior High Glee Club.

Alex Alchian Joins Brother

Mr. and Mrs. Alex Alchian are here from San Francisco for the winter season.

The brother of Vahan Alchian, who owns Alchian Jewelry store in The Center, Alex will be associated with him during the season.

Celebrities at Beachcomber

Dining in the tropical atmosphere of Don the Beachcomber Saturday night were a number of personalities this weekend.

On Saturday night Mr. and Mrs. Sammy Kahn were entertaining the Dean Martins, Mr. and Mrs. David Rose, and the Kiri Douglas.

The George Camerons were dining with the Russell Wades. Jimmy Van Heusen was in with Richard Steinberg and Joe Bushkin, the talented genius of the piano.

Lt. Governor Harold "Butch" Powers and family were guests of the Harold De Voes in the Sunday night crowd. Others noted in the various Beachcomber dining rooms this weekend were the Harpo and Groucho Marx families, guests of TV producer John Guedel.

Mrs. Clark Swanson who was hostess to four of her golfing friends; Connie and Ruby from The Dunes; and Mr. and Mrs. Donald Duncan.

On Monday evening the Ward Risvolds were hosting their friends Mr. and Mrs. Andy Anderson of San Francisco. He's the Bay City painting contractor and they are down for a short desert vacation.

Mrs. Nate Dumont was dining with Bess Bender and her brother Maury Wax. Also in the Monday night crowd were the Tom Neals. He, of course, is the ex-actor who is now in the landscaping business in Palm Springs, and she is the former Patricia Fenton, who was a United Airlines employee.

Entertains Guest

Dining in the Spur and Sable at LaPaz one recent evening were Mrs. Henry Lefferty and her houseguest Mrs. Roland Wheaton of Aladena.

The Leffertys reside in San Marino but maintain a house in Palm Springs, where they weekend. Mr. Lefferty is on a business trip to the east coast until Thanksgiving.

Weekend Guests

Weekend guests of Mr. and Mrs. Howard Mathews of 1086 Driftwood Drive, were Mr. and Mrs. Frank Baxter and son Robert of North Hollywood and Mrs. John Potter of Detroit. Saturday night they entertained them at an outdoor barbecue at their home.

THE MIGHTY CHRYSLER '57

It's the world's most modern motor car!

Here is the glamorous new 1957 Chrysler... magnificent climax of The Forward Look's Flight-Sweep styling and the dynamic engineering leadership which has so long distinguished Chrysler cars. Everything in it is new!

ALL NEW STYLING! Here is America's freshest new approach to automobile styling! From the long, low racy look accented by the high-flying upweep tail to the industry's smartest new customized interiors, the mighty Chrysler for '57 is destined to set the style pace for years to come.

NEW TORSION-AIRE RIDE! Embracing entirely new principles of automotive suspension, new Torsion-Aire is a

blueprint of advanced engineering. It eliminates front end coil springs and substitutes the greater, smoother resilience of torque rods.

NEW TORQUEFLITE TRANSMISSION! Chrysler's pushbutton operated TorqueFlite transmission combines the smoothness of operation for which Chrysler has always been famous with eager new getaway and safer passing power when you want it.

MOST POWERFUL OF ENGINES! You may never need all of it ... but it's there as a reserve if you ever do. Up to a thundering 325 horsepower in the Chrysler New Yorker. In performance, too, this is truly the Mighty Chrysler.

Factory Retail Price at Factory, Detroit, Michigan for Chrysler Windsor 4-door Sedan
\$2975*

*Includes Distribution, Excise and Handling Charges. State and local taxes (if any), transportation and delivery charges extra. While actual street, in-stock price, and TorqueFlite (as shown) optional at extra cost. Prices may vary according to individual dealer policy.

Village Chess Group Starts Seasons Meetings Today

Howard Haddock, director of city recreation, has announced that the chess sessions of the Palm Springs Chess Group resumed meetings today at 2 p.m., and will continue every Saturday and Wednesday afternoon thereafter in the Little White Clubhouse facing Sunrise Way on the Polo Grounds. The public is invited to participate or watch games in progress. No fees, dues, or costs are charged. Those wishing to play should bring their own boards and chessmen.

Silent Stars Unretire to Go Into Television

By ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD, 87 — Silent stars don't fade away these days — they go into television.

Many a luminary from the silent era either suns himself in retirement of works occasionally in motion pictures. But television happily is bringing new careers to these veterans.

As one casting director says, "They're troopers who don't blow their lines. They have name value but they don't charge a small fortune like current stars."

Laura La Plante, married to top movie director Irving Asher, came out of retirement to star in a TV drama. Clara Kimball Young worked on the Johnny Carson show and the Hardy Richard Arlen starred in a recent "Climax."

ROBERT WARWICK, Edward Earl, Jane Darnell, Elizabeth Patterson and Mae Clarke all have starred on "Matinee Theater." Viola Dana, Claire Windsor, Buster Keaton, Betty Bronson are other TV actors. Lillian and Dorothy Gish are regular stars in dramas for the home screens.

Jack Mulhall, a leading man of the silent screen and the Cary Grant of the '20s, is another one-time star whose career has been boosted by TV. Today he sat in a rehearsal hall at CBS-TV and rehearsed on the new medium.

"It's a lot like working in the old days," he said. "I see many of the stars I used to know. Last week I was on a 'Playhouse 90' and so were Keystone Kops Chester Conklin and Hank Mann."

MULHALL WAS A ROMEO on the silent screen for such beauties as Colleen Moore, Bebe Daniels and Mae Clarke. Today's film queens, he thinks, are "colorless."

"Stand six of those modern blonds together and from the back you wouldn't know which was Jayne, Marilyn or Diana," he chuckled.

"Mabel Normand, Mae Murray, they were all individuals. They didn't know about false eyelashes, false fronts or painted nails. The photography was so primitive they really had to be beautiful. And they had personality."

"I'm glad TV is here," he added. "The camera work is wonderful—it's thrilling to be on TV as it was in the early days of pictures."

Last year 32 per cent of all disabled vehicles on the New York state Thruway were out of gas. Empty gasoline tanks made emergency service necessary for approximately 15,000 car owners.

CRAIG MILLER SAFETY FUND was enriched by a Bake Sale sponsored by the Beta Sigma Phi, local social organization. All proceeds were donated to the fund, which was organized in memory of the six-year-old son of Mr. and Mrs. Don Miller who was fatally injured by a car while crossing a street. The Safety Committee, which administers

the fund, will hold its next meeting at 4 p.m., Thursday, at the city offices. Popcorn sold in addition to bakery goods was donated by Earle Strebe. Making the first purchase, above, is Adrian Rosen, while watching are, left to right, Mrs. John Noyes, Mrs. Mike Pritchitt, Mrs. Don Bottorff, Mrs. William Ford, and Don Miller. (Popesil Photo)

Flashing Red Lights on School Bus Mean Stop

Red lights flashing from the top of a school bus means stop, warns the California Highway Patrol again.

"Motorists approaching a school bus stopped beside the road with red lights flashing must stop and not pass the bus until the light is turned off," declared Patrol Commissioner B. R. Caldwell today. "These lights are used by the school bus drivers when children are about to cross the street or highway."

"It should also be emphasized that motorists are not required to stop if the lights are not lighted or if the bus is on the opposite side of a divided highway," Caldwell continued. "Full caution is necessary for safety and everyone should be sure they know the rules concerning school buses and obey them."

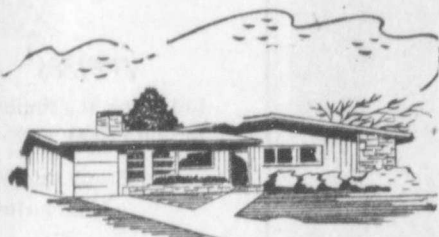

"Remember, the red lights indicating whether children are to cross the roadway or not are located near the top of the bus, two in front and two in the rear" he concluded.

Our Congratulations TO HAROLD HICKS

AND ASSOCIATES

for your thorough knowledge of real estate values, expert representation of both buyer and seller in the sale and purchase of

homes in Palm Springs

Hicks Real Estate Office Progresses with Village

HAROLD HICKS

By BILL RASHALL
Dig your bare toed feet into the sand anywhere in Palm Springs and somewhere along the line you'll find the name of Hicks loom up before you.

The family name of Hicks is just as synonymous with the name of Palm Springs as are the peaks of Mt. San Jacinto which tower above the Village.

The first member of the family to carve a niche for himself in the shifting sands of the desert was Alvah, the father, and (God bless his soul) he is no longer with us.

And with him he brought two sons who by name are known as Harold and Milt. And in this particular story we are going to devote some space to the former.

There is a reason for all this. Harold Hicks, one of the most lovable characters in this town and that includes his brother, Milt, who lives out of town (Thunderbird way) has finally broken with sentimental tradition and moved his real estate office into a spanking, brand new edifice. A structure of which Palm Springs may well be proud.

BUT TO GIVE YOU a bit of a backdrop on the Hicks family. It was Alvah Hicks, the father, who brought water in abundance to the

city of Palm Springs. Alvah came to Palm Springs in 1914, a lowly carpenter to homestead with the one thought uppermost in his mind—that if he wanted to possess in finality the homestead, he would have to live on the area for nine months out of the year for three successive years. But at the same time he had to earn a living for his family so he had to commute back and forth to Los Angeles.

It was recalled that it took six hours in those days to make the trip from Los Angeles to Palm Springs, and Father Alvah made it every weekend with a knap sack on his back packed with provisions.

In those early days, play was the most important thing in Harold's life. He arrived on this local scene at the age of five. His brother was even younger. And they originally came from New York City.

THE STORY OF Alvah continues on down through several decades. It's inextricably woven with the growing pains, the early swaddling clothes of Palm Springs. And he left one thing with his two sons—a great love and devotion to the City of Palm Springs.

Now about this son, Harold,

prominent realtor, who by virtue of his antiquity in this city, has had a hand in the sale of more property perhaps than any other realtor. Antiquity is an odd and unusual word to use in this instance, but in the case of Palm Springs it fits because the City itself is not so old, incorporated in 1938.

But the history of the Hicks real estate office antedates the incorporation.

Here's a thumbnail sketch of its history, and, oddly enough, a real estate office does have an interwoven part in a community.

The Hick's Real Estate Office building at 813 North Palm Canyon Drive is the oldest real estate office in Palm Springs. It was first opened as a land office for the first subdivision when the township was laid in 1880. It had a part in the next subdivision in 1925, called Vista Acres adjoining the O'Donnell Golf Course.

WHEN 1927 ROLLED around, the Merito Vista was created and this was followed with the famed Las Palmas Estates in 1931 and little Tuscany in 1935. The last four subdivisions total 100 acres estate man's language.

Let's skip backward a little in which is a lot of land in any real

time and talk about the building formerly occupied by the Hicks Real Estate Office. There's a lot of sentiment attached to this tile roofed building at 813 North Palm Canyon Drive. Records will indicate that it was Janet Gaynor, beautiful co-star of Seventh Heaven, who brought her opposite star, Charlie Farrell, into the Hicks office, to meet Harold Hicks. The result was the sale of a home to our Charlie.

Then in addition to all of that, the city planning commission met in this building and it was Harold who presided over meetings as president of the Junior Chamber of Commerce, the senior Chamber of Commerce and the Lions Club of which he is a charter member.

Harold and his brother Milt hold the majority ownership of the corporation which operates the Palm Springs Builder's Supply Company. Harold, to mention his name again, is president of the Palm Springs Water Company and his brother is vice president of the same corporation. Harold occupies the reverse position with the building material company.

ANYWAY, THERE IS a lot more than usual in the selling of real estate in the organization headed by this one Harold Hicks.

Ask him about the value of a piece of real estate and he will quickly tell you. But tell him in return that he is too high or too low, and he will back away and say, "please allow me to investigate this matter thoroughly and I will inform you later."

Now that's a darn good method of salesmanship — salesmanship in reverse, but believe the writer, who has known this Harold Hicks for many years, he is sincere in what he says, in what he thinks and what he does. He has lived here a long time and no one can do that in a town as big as Palm Springs without somebody learning the truth about an individual and they have about Harold — and it's being nothing but good.

HIS NEW REAL Estate office, located at 1345 North Palm Canyon drive facing Vereda del Norte, a structure his father never dreamed would ever be erected in Palm Springs, will formally open this Thursday at 4 p. m.

The building, designed by Williams, Williams and Williams and built by Press Construction Company, is a one story structure, sheathed in aluminum and accented with artistic brick-work. The lobby and main office, decorated by Arthur Elrod, are in the modern vein, utilizing the dramatic

effects of beautiful woods in the walnut paneling and furniture.

Each of the broker's offices and insurance department are decorated in a different color scheme, ranging from olive green, turquoise blue to mustard yellow.

The entire building has refrigeration cooling and forced air heat. And last, but by no means least, there is ample parking space.

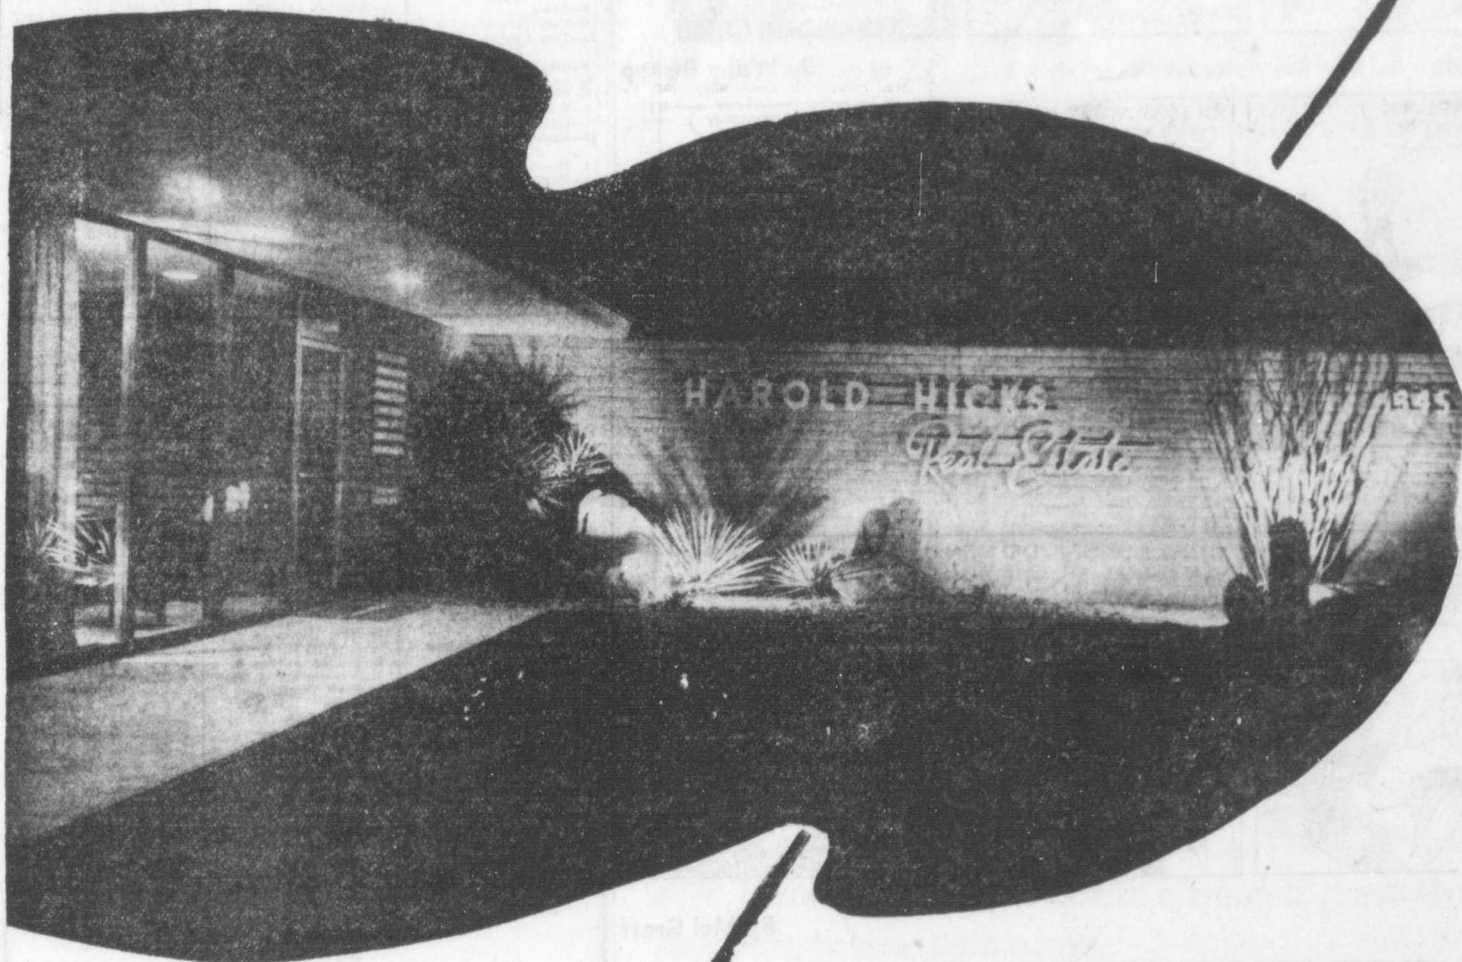

It's a long cry from the early days when Harold Hicks at the age of five arrived in the unincorporated area what is now known as Palm Springs.

Hicks Office Built by Press

Long known in Palm Springs for quality built homes, Press Construction Company is also becoming famous for quality built office and commercial buildings.

It all started with their own attractive office at 611 South Palm Canyon Drive and now their latest and proudest achievement is the new Harold Hicks Real Estate office at 1345 North Palm Canyon Drive which is celebrating its formal opening tomorrow night.

MOVING ALONG WITH PALM SPRINGS

For 27 years the Harold Hicks office has been serving buyers and sellers of all types of properties in the Palm Springs area. Now we have moved into our attractive new offices on the corner of North Palm Canyon Drive and Vereda del Norte. Our space is expanded . . . the competent and experienced staff increased . . . we now have a complete Insurance Department . . . we are growing with Palm Springs.

Three Card 71s in Senior Golf Tourney

Defending Champion Cave Shares Lead In Opening Round

Gail Cave of Wishire Country Club, defending champion, was tied with two other golfers as the second round of play in the Palm Springs Senior Golf Association tournament started this morning at Tamarisk Country Club.

Cave shot a 71 in the first 18 holes played at O'Donnell Golf Club, as did James Montgomery of Oakmont Country Club in Glendale, and Franklin Robinson of Virginia Country Club in Long Beach.

TRAILING THE leaders in the battle for the Gene Mann trophy were George Lindsey, also of Oakmont, with a 74, and Weller Noble of Oakland, and Ivan Wells of Los Angeles Country Club with 75's.

The tournament shifts after today to Thunderbird Country Club where the 54-hole play will be concluded Thursday. Prizes will be awarded at a stag banquet at Thunderbird at 7 p.m., Thursday.

In the five flights of the tournament, low gross leaders at tee-off time this morning were:

Class AA, 13 and older — Fred Barrows of Los Angeles Country Club, 84, and J. H. Bellinger of O'Donnell, 85.

Class A, 70 to 74 — D. P. O'Keefe of San Gabriel, 76.

Class B, 65 to 69 — Franklin Robinson of Virginia Country Club, 71, and George Lindsey of Oakmont, 74.

Class C, 60 to 64 — Stan Weller of LAOC, 77.

Class D, 55 to 59 — James Montgomery of Oakmont, 71.

J. Ross Clark of Thunderbird is leading in the President's Cup flight with a 73. Other leaders in this division are Ralph Jones of O'Donnell and Gerald Hardy of Olympic Country Club, with 77's.

Oklahoma Best Scoring Team in Last Ten Years

NEW YORK, (AP) — The story is all Oklahoma in power football this year, and the NCAA pointed out today in its weekly major-college football statistics that the sensational Sooners have been the nation's best scoring team over the past 10 years.

Latest figures on the 1956 pigskin chase show national champion Oklahoma leading the parade in points scored with 41.7 per game, in total offense with 421.4 yards gained per game, and in rushing offense with 345.7 yards gained on the ground per game.

No team is close to Oklahoma in the scoring race. Arizona State is second with 33.4 per game, followed by Princeton with 30.9 and Army with 29.9.

The NCAA pointed out that Oklahoma over the past 10 years has averaged 33.1 points per game and an average of 379.7 yards gained per game, both tops in the nation.

Trailing Oklahoma in rushing are Ohio State, Army, Virginia Tech, and Southern California. The forward passing leader is Washington State with a 214.8 yards per game average, followed by San Jose State, Stanford, College of Pacific, and Navy.

Martin Starts 2 New Classes at Driving Range

Pat Martin of Martin's Driving Range, on Highway 111 opposite LaPaz, said today that he is starting two new classes, one for a junior class for youngsters from 9 to 13 years of age and another, a class for teen-agers.

The Junior class will be held Thursdays, starting at 3:30 p.m., and the teen-age class on Saturdays at 9 a.m. Information on both may be obtained by dialing 5923.

Martin also announced that Tim Boyer, former pro at Ojai, had joined him at the local range.

"That makes it the only driving range in Riverside County operated by two Class A PGA members," he said.

Fullmer Planning Stiff Body Attack

NEW YORK (AP) — Middle-weight challenger Gene Fullmer, fresh from the West, said today he already had broken two of his manager's ribs and two of a sparring partner's while sharpening a body attack for champion Ray Robinson.

"It's no secret I'm going right after Robinson's body — his long waist," continued the bull-necked Fullmer, who flew in from West Jordan, Utah, Tuesday night to finish training for the Sugar Ray title fight at Madison Square Garden, Dec. 12.

Both fighters consider the bout a big stepping stone toward a title shot at champion Joe Brown.

SPORTS in the SUN

The Desert Sun Wednesday, Nov. 14, 1956 11

MRS. RUTH McCULLAH, left, today rates as almost shot a 71, men's par, in her opening 18 yesterday. She is pictured above with, left to right, Pat Moore, Thunderbird Country Club, which ends today. She Mrs. Lowe and Mrs. Aileen Weismuller. (Anderson Photo)

Ruth McCullah Odds-On to Win At Thunderbird

Ruth McCullah of Riviera Country Club is odds-on favorite to win the championship of the Thunderbird Women's Golf Tournament which ends tonight.

Mrs. McCullah yesterday shot a 71, men's par, to move into a commanding position in the three-day, 36-hole tournament in which the tourney participants play two out of the three days.

Closest rival to the championship is Betty Loveys of Oakmont Country Club, who has completed her 36 holes of play with scores of 75, and 78, for a total of 153.

Mrs. McCullah is also leading in the low net honors, with a 71 for 18 holes of play. Betty Loveys had a 71 on the opening day, then rose to a 74 yesterday, for a total of 145.

In yesterday's 18 hole action, other low gross leaders were Ann Stanahan of Toledo, Ohio, and Mrs. Nell Staats of Los Angeles Country Club, both with 80's. Low net leaders Tuesday besides Mrs. McCullah for the 18 were Lois Edes and Peggy Cox with 73's.

Prizes will be awarded at a victory banquet tonight, and winners will have their names inscribed on the Froggatt-Sanchez trophy. A feature of the dinner will be a minstrel show, with a cast of women residents of Thunderbird.

Singleton to Get Chance With Cubs

CHICAGO (AP) — Elmer Singleton, a 36-year-old right hander, will get a sixth chance to become a major league pitcher with the Chicago Cubs next year, and new Manager Bob Scheffing said today "he's got a chance" to do it.

The Cubs shuffled three members of last year's last place National League team, third baseman Don Hoak, pitcher Warren Hacker and outfielder Pete Whisenant, to Cincinnati to obtain Singleton and third baseman Ray Jablonski in a major off-season deal.

Steelers to Stay With Pittsburgh

PITTSBURGH (AP) — Steeler owner Art Rooney shunned offers from four cities today and said his National Football League team will remain Pittsburgh.

Fight Results

By UNITED PRESS
MIAMI BEACH, Fla. — Holly Mims, 159½, Washington, D. C., outpointed Jimmy Beecham, 159½, Miami, 10.

Reg. U.S. Pat. Off.

NEW YORK, (AP) — Fearless Fraley, who didn't get his Oscar for picking football winners, has retreated to Australia for the balance of this gridiron campaign. He may have taken all of his winners with him, but here's hoping he left a few.

Such as perhaps these:
Game of the Week
Iowa over Ohio State—Hawkeyes have been underdogs in most of their victories this season. The Rose Bowl awaits if they win this one so here's a vote for them to end the Buckeye's Big Ten winning streak at 17.

THE EAST
Yale over Princeton—Yale's hale males carry the mail.
Pittsburgh over Army — One more homicide in a suicide schedule.
Colgate over Syracuse—The rule on this one is "pick the underdog."

Boston College over Boston U.—Try B.C. for a headache remedy.
Harvard over Brown—The meek against the weak.
Columbia over Penn.—But passer Benham better be better.

Also — Cornell over Dartmouth.
Holy Cross over Marquette, Penn State over North Carolina State.
Navy over Virginia, William & Mary over Rutgers.

MIDWEST
Michigan over Indiana — The Wolverine is mighty keen.
Oklahoma over Missouri — No

Sooner said than done.
Minnesota over Michigan State—The Gopher tunnels back toward top.

Baylor over Nebraska, Baylor will not fail or—we'll lose money.
Notre Dame over North Carolina — Irish stew no longer over losing streak.

Also — Illinois over Wisconsin, Purdue over Northwestern, and Kansas State over Iowa State.

SOUTH
Tennessee over Mississippi—Any Volunteers to pick an upset?
Georgia Tech over Alabama — Doesn't Tech much courage for this.

Clemson over Miami — Tigers shine in preview Orange Bowl appearance.
Auburn over Georgia — Aw, burn your own midnight oil picking these things.

Mississippi State over Louisiana State — Just State your case.
Duke over Wake Forest — Only a nobleman would do this.

Also — Vanderbilt over Tulane, South Carolina over Maryland, Kentucky over Xavier, West Virginia over Furman, George Washington over The Citadel.

SOUTHWEST
Texas A&M over Rice—They're finding it hard to bear Bryant.
Arkansas over SMU—Razorbacks are razor sharp.

Texas Christian over Texas — But would you pick Horned Frogs over horned steers?
Also — Houston over Villanova, Detroit over Oklahoma A&M, Tempe State over Arizona, Texas Western over West Texas.

FAR WEST
Oregon State over Idaho—Even a hot potato won't stop drive to Rose Bowl.
Stanford over Washington—Indians thinking about Rose Bowl, too.

California over Washington State — A Waldorf salad.

Favor Des Moines For AA Franchise
LOUISVILLE, Ky. (AP) — The bankrupt Louisville franchise in the American Association appeared headed today for Des Moines, Iowa.

League President Ed Doherty admitted he was studying an offer from a Des Moines group and while Winnipeg, Canada, also will receive consideration when the American Association's board of directors meet at Omaha, Neb., Saturday, the Iowa city was known to have the inside track.

EAGLES SIGN MURLEY
PHILADELPHIA (AP) — Dick Murley, 230-pound former Purdue lineman, was signed by the Philadelphia Eagles today. At the same time the Eagles released guard Maurie Nipp.

TIBBS SIGNS FOR BOUT
LOS ANGELES (AP) — Tommy Tibbs, 22-year-old Boston featherweight, signed today to meet ex-champion Lauro Salas of Monterey Mexico, at Hollywood Legion Stadium Saturday.

U. S. Wins in Pre-Olympics

By LEO H. PETERSEN
United Press Sports Writer

GEELONG, Australia (AP) — The powerful U.S. track and field team won six of nine events tonight while flexing its muscles in a pre-Olympic meet with nine other nations.

Perry O'Brien led a 1-2-3 Yank sweep in the shot put as the United States dominated the competition in chilly weather before 15,000 spectators.

MIKE AGOSTINI, the Trinidad sprinter from Fresno, Calif., State College won the 220-yard dash; Chris Basher of Britain won the two-mile run and Jim Bailey of Australia captured the 1,000-yard run to prevent the Yanks from sweeping all nine events.

Hinting at the wholesale assault which will be made on current Olympic marks during the games, O'Brien of Glendale, Calif., heaved the 16-pound shot 60 feet, 4½ inches. This effort, produced in chilly, 45-degree temperature, far surpassed his 1952 Olympic record of 56 feet, 1.43 inches but was well off his best 1956 effort of 63 feet, 2 inches.

NEW AUSTRALIAN RECORD
Ken Bantum, New York, was

second and Bill Nieder, Lawrence, Kan., was third.

MILT CAMPBELL, Plainfield, N.J., set a new Australian record of 14 seconds in winning his heat of the 120-yard dash but didn't compete in the final.

Ira Murchison, Chicago; Thane Baker, Elkhart, Kan.; Bobby Morrow, San Benito, Tex., and Leamon King, Delano, Calif., defeated an Australian foursome in the 440-yard relay. The Americans won in 40.7 seconds. The world record is 40.2.

Charles Dumas, the Los Angeles lad who has cleared seven feet in the high jump only had to get over six-feet, 4 inches to win his specialty. Vern Wilson, Sacramento,

and Philip Reavis, Somerville, Mass., finished second and third respectively.

JOHN LANDY, world record holder in the mile, finished 12th in a field of 15 as Chris Basher of Britain took the two-mile run with a new Australian mark of eight minutes, 45.6 seconds. Phil Coleman, Urbana, Ill., was second.

Jim Bailey, the Aussie who studies at the University of Oregon, won the 1,000-yard run in 2:07.8, considered sparkling time for the grass course on which the races were staged.

Before the race, Jim Kelly, the U.S. track coach, hinted his men would be "under wraps" in the warmup meet.

Campbell's 120-yard hurdle record didn't last long. Jack Davis, Glendale, Calif., lowered the Aussie mark to 13.9 seconds while defeating Lee Calhoun, Gary, Ind., in the final.

THE UNITED STATES swept the last two events. Baker and Morrow joined Arnie Sowell, Pittsburgh, and Jesse Mashburn, Oklahoma City, Okla., in winning the one-mile relay in 3:22.5. Australia was second.

Bob Gutowski, Occidental College, who made the U.S. squad only because Jim Graham of Oklahoma A & M voluntarily withdrew, won the pole vault by clearing 14 feet, 8 inches. Bob Richards, defending Olympic champion from LaVerne, Calif., was second.

Swaps Beating 100-1 Odds

CAMDEN, N. J. (AP) — Swaps, fourth highest money winner in American racing history, appeared today to be beating the "100-1 odds" against his recovery from a broken leg suffered during a workout at Garden State Park nearly a month ago.

Dr. Jacques Jenney of the University of Pennsylvania veterinary hospital said today he planned another periodic X-ray examination of the 4-year-old chestnut colt in a "day or so." And, he said, if the examination shows continued progress the sling which has been supporting Swaps for the past three weeks will be removed shortly.

Confident Larsen To Survive Injury

CASTRO VALLEY, Calif. (AP) — Doctors expressed optimism today that tennis star Art Larsen would ultimately recover from a brain injury which has held him in a coma since Saturday.

Larsen, one of the nation's top-ranking amateur tennis players, suffered critical head injuries late Saturday when he unaccountably spilled from his motor scooter.

This is America...

THIS IS A COUNTRY THAT EXISTS UNDER ALL THAT IS FREEDOM---TO HOLD THIS FREEDOM:

NO MAN SHOULD BE FORCED INTO A CLUB, A CHURCH, A POLITICAL UNION, AN ASSOCIATION OR ANY OTHER PRIVATE ORGANIZATION AGAINST HIS FREE WILL.

BUT OUR CONSTITUTION IS VIOLATED EVERY DAY.

Through the forceful enslavement of labor into unions before he may earn his daily wage to provide for himself, his wife and to bring his children up as freedom loving Americans.

This is in complete violation of the First Amendment of our Constitution!

More than 70 per cent of all organized employees in the United States are now "captives" of compulsory unionism. A "closed shop" in an industry, a hotel or a restaurant means simply that no man can get a job unless he is already a member of a particular union and he must remain a member in order to hold that job.

Both the "closed" and "union" shops are in direct violation of the spirit of the constitution of the United States — the bulwark which was intended to protect every American's individual freedom.

A man's right to earn a living for himself without being forced into a union has further been clearly stated by the United States Supreme Court Justice William Douglas as recently as 1937. His decision said in part . . . "A man has indeed as much right to work as he has to live, to be free, to own property.

Where the right-to-work law under the Taft - Hartley law has been invoked—and 17 states have—unions have grown in membership but at the same time union leadership has been of the finest. No man, however, is compelled to remain in a union in these states. Nevada was the last state to pass such a law.

Such a law should be passed in this great state of ours. It is not wrong for the City of Palm Springs to lead the way and prove that the right to join a union or not is the inherent right of an American.

SAMUEL L. COMPERS, founder of organized labor said:—"I want to urge devotion to fundamentals of human liberty—the principles of voluntarism. No lasting gain has ever come from compulsion. If we seek to force, we but tear apart that which, united is invincible."

What does clean unionism have to fear from a "right - to - work ordinance?" No American organization, fraternal, civic or labor has to fear anything under our constitutional rights. This has been proven by the very fact that it has remained the bulwark of our democracy.

Palm Springs Citizens Committee For Voluntary Unionism

EARL COFFMAN and ZADDIE BUNKER, Chairmen.

Agua Caliente Tribe Spearheads Program of Sound Development

By DON KLOTZBUECHER

Agua Caliente Band of Mission Indians through its Tribal Council is spearheading a program which could very well expand to other tribes throughout the state and nation, but it still hasn't developed here beyond an embryo stage.

Palm Springs is in a unique position, having a reservation located within its city limits—but it hasn't developed with the rest of the town because of legal difficulties and with the complication of federal control over a long extended period of time.

Mrs. Viola Olinger, Tribal Chairman, without referring directly to the efforts being made here in regard to solving the overall problem of development, made use of progress having been made or being attempted in a speech before representatives of all California Indian Tribes and representatives of the state and federal governments earlier this month.

Title of the conference was "The Future for American Indians," and Mrs. Olinger as chairman of the California Indian Congress and regional representative of the National Congress of American Indians, was one of the featured speakers. She preceded Glenn Emmons, Commissioner of Indian Affairs, to the rostrum.

MRS. OLINGER CALLED for "committees and organizations" to be set up with representatives of Indians, the federal government, the State of California and Indian-concerned organizations. "If it is to be called the Governor's Commission of Indian Affairs, it by all means must have Indian participating in it," she said.

"This would not only make for efficiency of operation but would facilitate the process of consulting Indians and agencies," she said, "and would clear proposals that go to Congress, so that this body, being so far away, would not be confused by opposing proposals and violent disagreement."

This group also would set up adequate channels of information regarding all activities of the Bureau, so that "no Indian in this state could ever claim ignorance regarding any development that might affect him."

Mrs. Olinger also called for studies to be made of reservations, to discover the potential in terms of natural as well as human resources; to bring in needed spe-

cialists to start development plans, and to clarify the status of boundaries, and water and mineral rights.

In regard to this development, the Agua Caliente Tribal Chairman said that if an Indian desires to retain land ownership, his basic right, it should be this way as it is "his heritage and his children's heritage" which could provide him with the sense of security and pride that "helps all people lead happy and successful lives."

THE LOCAL TRIBE, through its Tribal Council, is now conducting meetings with Palm Springs City Council to discuss mutual problems.

It has held meetings with federal officials, headed by Emmons and top members of his staff.

It has hired a planning consultant to survey the reservation as to its potential.

It has made a detailed study of termination legislation and has sent Tribal representatives to Washington to present its views before Congress.

It has looked ahead to the future and has sought several times to secure federal legislation for a 99-year lease on its bathhouse area.

It has maintained, and well, its famed Palm and Andreas Canyon areas for tourists, securing revenue from admissions to effect further improvements.

Mrs. Olinger did not point out what has been done or is being attempted here. But experience is the best teacher, and experience has been gained here.

Federal Medical Aid Cost Rising

WASHINGTON, (AP) — The American Medical Association reported today that the average American family is paying \$54.61 this year for the health and medical programs of the government.

All in all, it said, the government is spending more than \$2.5 billion in the current fiscal year for the care of veterans and servicemen, medical research, Indian health, hospital construction, and dozens of other related programs.

This is \$290 million more than was spent last year. The AMA said it amounts to \$15.17 for every man, woman and child in the country.

Driver Learns About Passenger Cats Hard Way

WILTON, Conn., (AP) — The moral of this story is: Don't take impulsive cats for rides in the family car.

James Long, 45, did Thursday. Long was driving with the cat in the back seat. It jumped onto Long's head, causing him to lose control. The car ran off the road and snapped a utility pole, bringing several power lines down on top of a second auto.

The second driver, Richard Taylor, stayed inside his car until a power company crew removed the live wires.

Both Long and Taylor escaped injury. Long's car however, was badly damaged.

The cat ran away.

Youth Square Dancing Planned

Square dancing classes for boys and girls in grades four, five and six will be conducted at the Playhouse on the Polo Grounds from 10 a.m. to noon on Saturdays, starting Nov. 17, co-sponsored by the City Recreation Department, Howard Haddock, director, and the Cahulla School Parent-Teachers Association, Mrs. Cy Hodgson, chairman.

Marguerite Clapp, expert in the square dancing field, will be the instructor.

Cost of the entire series of eight lessons will be \$2, or for a single lesson 25 cents.

HARRY VAN GORP, right, representing Ben Cowan instructor, and students Jerry Luke and Wendi Hammond. This marks the ninth annual presentation of a new Ford to Palm Springs High School's Driver Education Program by the Ben Cowan Ford Agency.

Foresees Billion College Need

CHICO, (AP) — The State Board of Education has estimated it may cost more than \$1 billion to build adequate college facilities in the next 15 years.

The board, at a meeting here, predicted it may cost that much to provide college facilities for some 157,000 students expected to graduate from high school in 1970-71.

THERESA PRESS

THE BUY OF THE MONTH

THIS HOME is not new or modern, as modern is interpreted today... modern conveniences, yes! One of Palm Springs' finest families once called it home. The stately four-bedroom, 3 bath home is enclosed by a wall to which pyracanthas cling like owners, and fruit trees inside this wall, laden with fruit, act possessive. The pool, which overlooks the mountains, claims its own dressing room, bath, and patio... It is located in the envied Tennis Club area where homes are hard to find... Completely furnished... an incredible buy at \$45,000.

OUT-OF-TOWN OWNERS, with other interests now, offer for sale their Tahquitz River Estates home... 3 bedrooms, 2 baths, lovely living room with fireplace, 2-car garage. The completely walled and shrubbed yard compliments the lovely pool off the patio... and it's completely furnished too, for only \$32,500.

Come in and inquire about our Acreage... SH-hhhhhhhhh!

THERESA PRESS, Realtor

PALM SPRINGS BOYS CLUB

MONDAY—4 to 5:30, clubhouse activities. Pool, ping pong, checkers. Use of magazines in reading area. Horseback riding for all members with two years or more riding experience.

TUESDAY—4 to 5:30, clubhouse activities, same as Monday. Special activity, touch football. Open game to all age groups.

WEDNESDAY—4 to 5:30 p.m., clubhouse activities, same as Monday. Special activity, Drill Team riding practice.

THURSDAY—4 to 5 p.m., clubhouse activities, including radio and records.

FRIDAY—4 to 5:30 p.m., clubhouse activities, including boxing, wrestling and weights, open to all members.

SATURDAY—9:30 to 11:30, League play and clinic for all elementary school students and Boy's Club members at the Youth Center basketball court.

The above is the fall, winter and spring schedule for the 80 Boys Club members.

DURING THE SUMMER months there was a little added activity, chiefly a trip to Costa Mesa for fishing and swimming as guests of the Harbor Area Boys Club, and a visit to Disneyland.

It was an all-day excursion, leaving here early in the morning, and returning at midnight.

The boys also were very well behaved, and La Frantz and the four other adults who accompanied the members said that "Palm Springs can be very proud of the gentlemen raised here."

Engineer Tells DHS Group of Flood Control

John Bryant, county flood control engineer, outlined a possible \$100 million flood control series in the upper Coachella Valley before a meeting of the Desert Hot Springs Improvement Association.

He paid particular attention to four projects to safeguard Desert Hot Springs area residents. These included a dam on Mission Creek to the northwest of this community; a collection dike and dam below Big and Little Morengo Creeks, also northwest of here; a dam on Long Canyon, northeast of here and a fourth, a dam on West Wide Canyon further east of DHS.

He pointed out the by-product of water conservation in the flood control projects planned. All projects depend upon the results of a 20-year survey now being completed by the federal government.

Bryant was accompanied by W. C. Hillery, chairman of the Sixth District Flood Control Board and Claude Cobb.

Herb Ecclestone reported \$1893.35 in the association's building fund and Frank Cozad, treasurer, reported \$370.31 on hand.

School Districts in Nation Cut in Half

WASHINGTON (AP)—The Census Bureau reported Monday that the number of school districts in the United States has been cut almost in half since 1942 because of consolidations in rural areas.

At the start of the present school year there were 51,881 separate school districts, plus 2,521 public school systems operated by counties, municipalities or townships, and 465 local school systems in Pennsylvania jointly-operated by two or more school districts.

In 1942 there were 106,579 districts.

Colonel Jones Dies at Palo Alto

Colonel A. B. Jones, war-time commander of Torrey General Hospital here, died Monday, Nov. 5, due to a heart attack, according to word received here by friends.

Colonel Jones retired shortly after his service here, and now resided in Palo Alto.

While here, he had taken an active interest in civic affairs, and was socially prominent.

DIANA LYNN TO WED

Hollywood (AP)—Film star Diana Lynn and radio executive Mortimer Hall have announced plans to marry Dec. 7 at the Beverly Hills home of his sister.

Escrow Group To Meet Nov. 29

Riverside County Escrow Association will hold its regular monthly meeting at Highland Springs Guest Ranch near Beaumont Thursday, Nov. 29, Wilma Wilson of Palm Springs, president, announced today.

Title of the program will be "Escrow Cancellations."

Miss Wilson was installed as president at the last meeting. Other officers are: Paul Stewart, Riverside, first vice president; Helen Patterson, Palm Springs, second vice president, and Shirley Shaw, Palm Springs, secretary.

Miss Wilson is with the escrow office of Citizens National Bank.

More Diseases Laid to Smoking

LONDON (AP)—The British Medical Journal said today that giving up smoking will diminish a person's chances of dying from cancer, chronic bronchitis, peptic ulcer or pulmonary tuberculosis.

The journal based its report on answers to a questionnaire sent to all doctors in Britain in 1951. The smoking habits of the 40,701 doctors who replied were examined.

High-Weigh Robbery

MEXICO CITY (AP)—Police today searched for the strong thieves who stole a steel cross weighing half a ton from the top of 17,400-foot, snow-capped Mt. Iztaccihuatl.

The first contact lenses were recorded in 1508 by Leonardo da Vinci. Descartes, French philosopher and mathematician, is credited with developing the theory of contact lenses in 1637.

British sailors were nicknamed "Limey" in the 18th and 19th centuries because they were given a measure of lime juice to prevent scurvy. The fluid actually was lemon juice.
